ANIMALS WILL SHORTLY
BE VIEWED AS A GREAT
MORAL EVIL, AND DXE
ACTIVISTS WILL BE
HAILED AS HEROES.”**

DIRECT ACTION  EVERYWHERE

Your support is fueling our movement.

DxE is not a traditional nonprofit.

We are a grassroots network of ordinary people taking bold action to create revolutionary social and political change for animals in one generation.

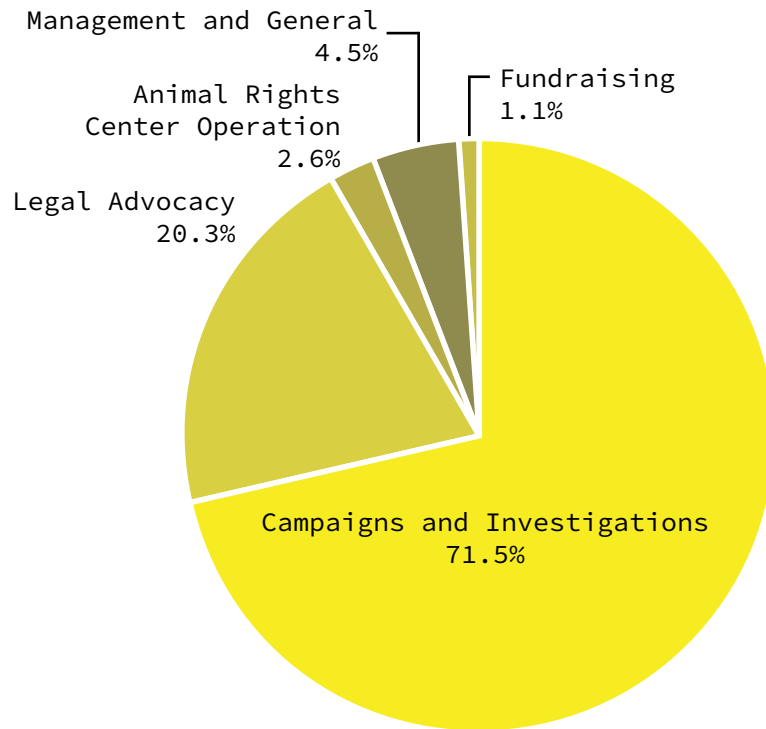

When you donate to one of our supporting non-profits, you empower the DxE network to expose animal cruelty, challenge Big Ag in court, and shift the public's support for animal rights.

We put the majority of donations toward groundbreaking campaigns and the people who bring them to life and spend less than 10% of our budget on fundraising and management.

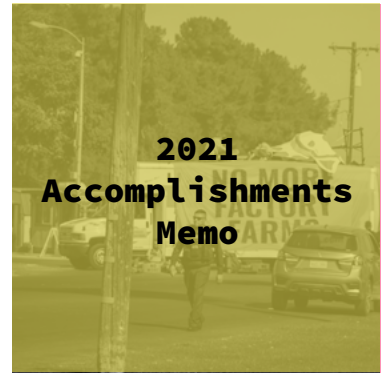

With your support, we've rescued hundreds of animals, passed groundbreaking legislation, and trained thousands to take effective action for animals.

A brighter future for animals is possible. Thank you for being part of the team.
