

## FREE SAMPLE REQUEST APPLICATION

If you have interest in purchasing a minimum quantity of at least one master pack of KN-95 face mask (1000 masks) and would like to qualify for a free sample for your evaluation, please provide the information detailed below.

The master pack contains 100 cartons of mask and each carton contains 10 masks. We will provide one carton of ten masks for your evaluation of quality fit and packaging based on your company qualifications.

A photograph of the mask and certification and testing information can be seen under the Products tab on our website [www.atmosphereglobal.com](http://www.atmosphereglobal.com).

While visiting our website, please take note of the other products of Atmosphere Global. The atmosphere global cleaner disinfectant is an ideal product to assist companies in addressing the danger to employees from the spread of the COVID-19 virus.
