

Etta Flexible Fares

A Faster Shopping Experience

Preparing for a business trip can be stressful. Booking a trip shouldn't be. That's why we streamlined the air search and shopping experience with Flexible Fares, designed to make fare comparison and shopping quick and easy.

Flexible Fares is available on the search results page. Once you're on the page, you can toggle between complete fare tiers for multiple flights and see them all on one page. There's no additional clicks or pages you have to go through to find what you're looking for.

With Flexible Fares, you've got everything you need on one page, saving your travelers time and hassle.

Features and Benefits

Fare Transparency

There's no hidden prices here. All pricing options are displayed on our search results page. Just toggle between fare tiers to browse fare types and prices.

One Page Shopping

Compare fares and shop around on one page. Flexible Fares makes it easy and fast to shop and compare fares without leaving the page.

Faster Booking

Book your trips faster with everything you need on one page. With Flexible Fares, you don't have to click around or go from page to page.

Better Shopping Experience

Other OBTs require travelers to click around and open extra windows just to view fare prices, making cross shopping and comparison impossible to do.
