Etta Travel SafetyCheck ✅

Safety Awareness For Your Travelers

Empower your people with the tools they need to regain confidence when traveling. Etta's Travel SafetyCheck feature is built into the booking flow to help guide your travelers to safer travel choices.

Detailed and up-to-date health and safety information based on location and airline is just one click away. Travelers can access information on location-specific Covid-19 cases, airline-specific Covid-19 testing requirements, neighborhood nighttime safety, neighborhood theft, airline cleanliness, car rental cleaning protocols and more. Overall health and safety assessments enable travelers to compare hotels and airlines, making sure they are comfortable with their upcoming trip.

Etta's Travel SafetyCheck feature helps reduce organizational risk, ensures travelers are safe, and increases traveler confidence and awareness.

> "I want to thank Deem from the bottom of my heart for the SafetyCheck enhancement. We spent a lot of time creating information pages and providing links to supplier sites so our travelers can find the safety protocols but this puts it (and more!) at the point of booking and makes it so much simpler to digest. It is brilliant!"
