

FOR IMMEDIATE RELEASE

Metal bond tooling with long life that won't break the bank!

Norris, TN – June 22, 2020 – CPS Black Series includes 3-inch round metal bond, 10 segment diamond tooling with extremely long life! They are also the most competitively priced metal bond tooling of its kind on the market.

With a tooling life of 50% higher than industry standard metal bond tooling, CPS Black Series, 3-inch round, metal bond diamond tooling is a must have for every concrete grinding and polishing contractor. The series comes in a medium bond that works on most concrete hardness types.

“Over the years, being a contractor, I ran a lot of different diamond tooling and the CPS 3” metals are extremely efficient and best of all, the price per square foot is extremely low.”, says Chris Day, Sales & Technical Support – Southeast and Mid-Atlantic Regions for CPS.
