

FORTRESS CABINET 23"W X 37"H

Fortress Fibre Cabinet – 23" wide x 37" high

The Connect Fortress Cabinet is available in three different depths and in both stake and vault mount configurations. This unit provides multiple options for CATV and TELCO equipment. The Fortress design gives you dual side access to install and perform maintenance on your equipment. The lid, doors, and skirts are removable which allows for easy installation and maintenance of equipment. Insect screen mesh is included on all vents to prevent access to the cabinet but allowing air to travel freely. Padlock hasps come standard. 14 or 16 gauge G-90 hot dipped mill galvanized steel coated to the process below surpasses all salt spray tests set by Belcore Labs.

Stakes shown in mounting position.
(During shipping stakes are mounted upside down within the cabinet)

Metal Finishing Process

- Hot high alkaline wash to clean pores of G-90 Steel
- Deionised rinse prepares surface for zinc phosphate
- Dual wash and rinse cycles cleanses and eliminates contamination
- Zinc phosphate treatment prepares surface for chrome seal
- Rinse cycle
- Chrome seal , seals metal from contamination
- Rinse cycle
- Three mills of UV resistant polyester powder paint are applied and cured at 375°F

Advantages

- Pad Lock Hasp
- Removable Skirt, Lid, Doors
- Exceeds Salt Spray Tests
- Slam-Lock Door Lock
