

Texting for Nonprofits

Text messaging has become the new standard in fundraising and engagement. Forward thinking organizations utilizing **Prompt.io** peer-to-peer texting have seen tremendous results engaging donors and typically see a minimum of a 3 to 1 return on investment — **every \$1 spent on texting results in \$3 in donations.**

Build stronger relationships

Text provides a faster, more effective way to communicate with key constituents.

Drive more engagement

Text is proven to drive greater engagement than phone or email.

Raise more money

Text has shown a minimum of 3 to 1 return on investment for fundraising campaigns.

Successes

Rise Against Hunger text-driven average donation is \$81.

United Nations High Commissioner for Refugees sees a 6 to 1 return on investment when texting their contacts.

Integrations

Prompt.io is seamlessly integrated with leading systems of record including **NationBuilder**, **Blackbaud**, **Google Suite**, and more.

Getting Started

Your organization can be texting your supporters tomorrow—onboarding and training is simple, and our pilot and introductory programs will prove value on day 1.

“Texting with Prompt.io is so simple and yet incredibly effective.”
