# Jorge Pedroza Brambila

Digital Animator

## Experience

### FREELANCER

#### The World of Freelancing

Nov 2011 - Today

- Began freelancing while still studying
- Have mostly done photography, logo animations, motion graphics, and social media posts
- Joined an online music label called Music To as a curator and have been helping grow the platform
- Been trying to get into the shirt business by analyzing the market and practicing my illustration skills
- As of mid-late 2020 I got into front-end development
- Got back to 3D via Blender and have sold several models online, especially to cosplayers
- Been constantly trying to improve my Youtube Channel, Funkroza

### MULTIMEDIA ARTIST

#### Epya

Apr 2018 - Aug 2019

- Worked alongside the main animationc rew
- Enhanced the animation and render workflow
- Supported our designer with graphics
- Supported other areas with photography and videography
- Contributed to upgrade the production equipment for better quality videos
- Made a detailed catalogue of our work that serverd as a database of our files, and organized it by XYZ criteria
- Fixed problematic computers and HDDs by analyzing, optimizing and managing their content
- Optimized server use by determining an access workflow

### VIDEOGRAPHER

#### Jaxon Media Group

Aug 2016 - Jul 2017

- Originally hired to develop a new area for 360° videos
- Developed the foundation of 360° Video Production
- Assisted the Production Area with big upcoming projects
- Became one of the main videographers
- 2nd certified Drone Pilot of the workplace
- Supported the main video editors by creating, editing, and fixing audio files
- Assisted the main animator with 3D models/rigs
- Fixed problematic computers and HDDs
- Set up a dedicated server and developed a new workflow for using and transferring files
- Designed the correct file nomenclature

## Education

### SAE INSTITUTE / MIDDLESEX

#### Major in Digital Animation

2012 - 2015

- 3D Shortfilm Thesis

### UNIVERSIDAD IBEROAMERICANA

#### Minor in Interactive Design

2010 - 2012

## My Work Thoughts

- Working rhythm has gotten faster
