

COMPLIANCE SERVICES

COMPLIANCE AND ELD

DON'T DROWN IN A SEA OF DATA. UNLOCK ITS POWER TO INCREASE COMPLIANCE AND PROTECT YOUR BUSINESS

Early risk detection and resolution is key to preventing loss and ensuring compliance. But who has time to sift through an endless stream of data from various services? Put your raw data to work by turning it into information you can use.

Lytx Compliance Services (formerly RAIR®) integrate data from multiple sources, then automatically audit, report on, and manage that information—making it easy to comply with safety regulations and saving you hours of work. Easy-to-read reports help you spot issues and violations, so you can take action before they affect your CSA score.

- **Hours of Service Management (HOS):** Audits hours of service logs
- **CSA Data Analysis:** Helps you improve CSA scores with daily updates you can use to coach drivers
- **Audit Driver Qualification (DQ) Files:** Audits DOT-required documents by providing reports and proactive alerts
- **Driver Vehicle Inspection Report (DVIR) Management:** Audits paper and electronic DVIRs with online storage and reporting

- ✓ One service helps manage data from many ELD providers
- ✓ Spot risk with focused reports you can access anytime
- ✓ Reduce violations with automatic audits

The ELD mandate requires truck drivers to have an electronic logging device in their cab. Whether you're already using ELDs or still making the transition, Lytx Compliance Services can help make data more manageable, and help ensure compliance.

CLIENT SPOTLIGHT

"Lytx Compliance Services is a comprehensive offering that drives efficiency in my business."

– SCOTT MANTHEY
Vice President of Safety
Interstate Distributors

DID YOU KNOW?

A fleet with **500 drivers** using Lytx Compliance Services had **7,700 fuel transactions** in one month. When we matched and audited 100% of transactions against their logs we identified that **25% didn't log on-duty status** when fueling. Without auditing all transactions, it's impossible to know which drivers to focus on.

TOP FOR-HIRE CARRIERS USE LYTX COMPLIANCE SERVICES?

50 percent of the top 100 for-hire carriers, and many leading private and motor coach fleets across the United States and Canada.

INFORMATION YOU NEED TO STAY COMPLIANT SO YOU CAN GET ON WITH YOUR DAY

Lytx Compliance Services are fully-integrated and highly configurable, so you can create the reports you need to efficiently monitor compliance. We collect data from multiple sources, reconcile that information, and deliver exception-based reporting you can access at any time. We also provide quarterly performance reports to help make sure your program is performing.

- Get a clear picture of overall compliance. View a snapshot of a driver's performance across all services (HOS, DQ, DVIR, CSA, Training) with driver dashboards
- Reduce distracted or drowsy driving. Find the specific causes of Fatigued Driving BASIC violations with CSA reports that link directly to audited driver logs
- Ensure accurate driver reporting. Identify drivers who submit inaccurate DVIRs with DVIRs audited against Vehicle Maintenance BASIC violations
- Stay compliant with the ELD mandate. See continuous hours-of-service history for your drivers with both paper and electronic driver logs
- Prevent risk with driver coaching. Address repeat violations with driver counseling tools that link to HOS violations

ONE PLACE TO SPOT THE POSSIBLE CAUSES OF SAFETY AND COMPLIANCE ISSUES

Lytx Compliance Services with a web-based.

- Data links let you view images of documents associated with violations in CSA reports with a single click
- Vehicle Maintenance BASIC violations link directly to the DVIR from the day of the inspection
- Driver Fitness BASIC violations link to the driver's DQ file
- Hours-of-Service Compliance BASIC violations link to associated logs

CROSS-CHECK CSA VIOLATIONS TO MINIMIZE RISK

By comparing your CSA violations to your safety and compliance documents, Lytx Compliance Services help you identify violation causes, prioritize issues, and refute inaccurate violations.

EASILY MANAGE DRUG AND ALCOHOL TESTING AND COMPLIANCE

Lytx offers a drug and alcohol (D&A) qualification service through our partner FS Solutions, an industry leader in D&A screening and compliance. We store your required D&A documents all in one place for easy access. You can also contract with FS Solutions for services such as pre-employment screening, post-accident testing, and more, with all documents automatically sent to Lytx on your behalf.

ARE YOU READY TO TAKE CONTROL OF COMPLIANCE RISK?

All it takes is a call to your Lytx sales representative at **262.780.6000**
