HOBBIES

ABOUT ME

I am a very passionate, self taught Graphic designer from Bangkok, Thailand. I have worked as the graphic designer on Upwork. and other companies for past 5 years. Currently working as a freelancer on Upwork. I have worked on a wide range of design and pre - design projects.

EDUCATION

2013 - 2014 BACHELOR DEGREE

University of Punjab

Graphic design is an interdisciplinary field that may explore a wide range of topics, including marketing, visual arts, communications and computer science

2014 - 2014 GRAPHIC DESIGN COURSE

Fortune Brothers Institute of Tech

These Curricular emphasize computer and art classes mixed with liberal arts and cultural awareness studies. Student create various design projects for their professional portfolios. They may need to participate in practical education, like internships, so that they can acquire hands - on training in professional environments. St udents may also choose a concentration, such as multimedia design, so they can refine their education to meet their career goals. Typical graphic arts courses include:

Drawing
Art History
Typography
Computer Garphics
Illustration
Photography

2014 - 2014 LOGO DESIGN

Lynda

In logo design course i have learnt how to make modern Design & Logos, How to Build a logo or design from scratch. It has polished my dsign career and helped me to survive in this Graphic Design Field
