

Half the power usage compared to other units currently on the market!

Handiwash is undoubtedly the most compact, easy to install & technologically advanced mobile handwash unit. For anyone whose work brings them into contact with hazardous substances, or unhygienic conditions, it should be considered a necessity.

Handiwash is CSA International certified

FEATURES

1. Large Filler Opening

Allows easy filling

2. Water Level Indicator

3. Indicator Lamp

Illuminates when heater element is operating

4. Quality Taps

Maintenance free

5. High Impact Housing

Moulded from super tough, UV resistant polymers suitable for internal and external applications

6. Fold Down Basin

Drains automatically when folded up

7. Drain Hose

Drain hose fitted to the base of the unit for dispersion of used water.

Heavy Duty Heater Element

Using highly corrosion resistant materials and state of the art electronics, the water element thermostatically controls water temperature to 120°F. The system is also protected by a thermal overload safety device.

Easy Installation

Unit can easily be mounted to any vertical surface and wired to a 12 or 24 volt power source. Installation instructions are supplied.

SPECIFICATIONS

Handiwash weight

12.13lb Empty, 30.87lb Full

Water capacity

2.2 US gallons

Voltage

Handiwash 12v System
– 9.6 Amps at 12Volt DC

- Unit is thermostatically controlled.
- Unit has a Power lead (Red) & Earth lead (Red/Black Tracer).
- Earth Lead is connected to the vehicles chassis.
- Power lead connected to vehicles power supply via a relay, so unit is only operational when the vehicles ignition is on.

Specifications subject to change without notice.
Patent Pending.
