A passionate and self driven individual from IIIT Gwalior, recently transitioned from Software Development to Product Management, to leverage my product enthusiasm and technical skills. I believe that my background in software development gives me a unique perspective on the product development process, and allows me to bridge the gap between the technical and business sides of the equation.

## SKILLS

**Tools and Languages** Google Analytics, SQL, Jira, Git, VS Code, Figma, Firebase, WebEngage, Coda, Microsoft Office Suite, A/B Testing and Experimentation, Agile Development

## EXPERIENCE

**Product and Growth Intern** Dec 2022 — Present  
*Seek Rewards* Bengaluru, Karnataka

- Researched on analytic instrumentation and setup the Google Analytics dashboard for firebase events integration
- Restructured the branching and release strategy leading a team of 2 full time developers and 2 interns.
