

SO, HOW DOES IT WORK?

GUARD MY VOTE MOBILE APP

Download the App.

LIVE IN THE STORES

Find us in the App Store and on Google Play. Signing up will only take a minute - we just ask for some very basic info to get you up and running.

Check the Resources.

NEWS, DATES & STATE INFO

The app is populated with quick links and tools tailored to your state. Find your polling place, check ballot initiatives and check the news.

Take the Survey.

WHILE YOU VOTE!

Take the "Voting Experience" survey to document your voting experience. Add pictures and comments so we can get the whole story in your eyes.

Make an Observation.

WHILE YOU VOTE!

Did some unexpected or unusual happen at the polls? Did a poll worker go above and beyond to help someone out? Document it and send it to us.

Share it. Make a Difference.

SOCIALS, EMAIL AND MORE

Submit the survey and share the results. The app is pre-populated with your Secretary of State's contact info so you can send it off easily.

And then...

WHERE DOES MY INFO GO?

Guard My Vote gathers the data from voters all across the nation and sends anonymized reports by request to election officials. We categorize data by areas of concern to address real-time negative issues, recognize the states with outstanding feedback from positive voting experiences, and improve election policy.

It's time to show our state government agencies what's happening when we exercise our right to vote. Guard My Vote makes that possible.
