

A new generation of Automatic Wax Injectors

MI-03 Smart

Cooling System

High Productivity

Features MI-03 SMART

Fully automatic wax injectors for single or dual operator, equipped with **aluminium tank** (capacity 4,5 kg), injection system by piston of 25 cm³, **7" touch screen**, **RFID reader and writer**, **self centering clamp** (plate size 100x100x50 mm), **automatic loader and unloader moulds** (size 100x100), **cooling system for moulds and Vap 14 4,6 m³/h pump included**

Caratteristiche MI-03 SMART

Iniettore cera completamente automatico per singolo o doppio operatore, provvisto di **serbatoio in alluminio** (capacità 4,5 kg), sistema di iniezione da 25 cm³, **touch screen da 7"**, lettore e scrittore **RFID**, **pinza autocentrante** (dim. 100x100x50 mm), **cari- catore e scaricatore gomme automatico** (dim. 100x100 mm), **sistema di raffreddamento per stampi e pompa Vap 14 4,6 m³/h inclusa**

Mould size / Dimensioni stampi	Min. 50x40x8 mm - Max 100x100x50 mm
Clamp Size / Dimensioni pinza	100x100x50 mm
Injection System / Sistema d'iniezione	25 cm ³ - 20 gr
Touch screen display / Schermo touch screen	Color 7" - storable programs with pictures
Productivity / Produttività	420 pz/h - 3360 pz/8H
Power Supply / Alimentazione	240 VAC - (110 VAC optional)
System pressure / Pressione di esercizio	6 Bar
Vacuum Pump / Pompa vuoto	4,6 m ³ /h - (8 m ³ /h optional)
Dimension / Dimensioni	96x65x45 cm - with packing 115x80x65 cm
Weight / Peso	44 Kg - with packing 83 Kg
