Appendix A

Rule/Section	Explanations	Core Principle or other CEA Provision, Commission Regulation and/or Commission Staff Letter
Various Rules Throughout	In instances throughout the Rulebook, the term “Business Day” has been changed to “Settlement Bank Business Day” (both of which are defined terms) to comport with operational practices that only occur on such days when financial institutions, such as banks, are open for business. Changes have also occurred throughout to the term “daily” or other like terms to ensure similar alignment.	DCO Core Principle D & E and SEF Core Principle 4 – These changes formalize that certain processing, risk management, settlement, and other operational tasks occur only on days when banking institutions are open.
Rule 3.2	Language has been changed to allow for non-US entities that are wholly-owned or managed by a US person or entity to apply to become a Participant.	DCO Core Principles C & D and SEF Core Principle 2 – This change enhances fair and open access for participation while maintaining appropriate admission and risk management standards by allowing potential participants that are wholly-owned by or managed by US persons or entities to meet such obligations similar to any other US entity seeking to trade and clear on the LedgerX platform.
Rule 3.6	The notice requirement for fee changes has been changed to 10 days.	Regulation 40.6 – This period now corresponds with the 10-day CFTC review period for such fee changes under Regulations 40.6(b) and 40.6(d)(2)(v).
Rule 8.4	The word "all" as to SCP conversations has been removed to require that the terms of an SCP must be agreed to on the LedgerX platform and that communications related thereto should occur on the platform.	SEF Core Principles 5 & 10 – This change allows LedgerX to continue to obtain the necessary information regarding SCP transactions and to keep records of transactions but to align with the operational reality that there is no way to determine or require that all such conversations occur on the platform.

Rule 11.8	Language has been modified to untie Reasonability Levels (which are used in making adjustments under the Error Trade Policy) from any Alerts to participants (such as for fat finger issues). The intent of such Alerts is to warn participants if an order might have been entered erroneously. Currently the level of the Alert is taken from the Error Trade Policy and is not necessarily suited to the type of fat-finger Alert that best notifies participants of a potentially erroneous order. With this change, Alerts would be sent for items triggered outside of the Error Trade Policy and, as such, participants would no longer be able to customize personal Reasonability Levels.	SEF Core Principles 2 & 4 – This modification will allow LedgerX to simplify the process of establishing Reasonability Levels for participants and to more effectively provide Alerts to participants in accordance with its rules and monitoring of exchange activities.
Rule 12.4	In concurrence with LedgerX’s filing for certification of the USDBTC day-ahead options, the language attached as Exhibit B to that filing is the same as language comprising new Rule 12.4 in the Rulebook.	See analysis contained within Exhibit C of LedgerX’s concurrent filing for certification of the USDBTC day-ahead options.

Rule 5.3 Order Type

- A. The following types of Orders may be entered on the Platform with respect to any Exchange Contract.
1. Market Order. An Order entered on the Platform to buy or sell immediately and executed at the best price currently available on the Platform.
 2. Limit Order. An Order to buy or sell an Exchange Contract at a specified price or better. A Limit Order must be entered on the Platform with a defined limit price. A Limit Order will be executed when it is entered, to the extent that there are resting contra-Orders, with any balance of such Limit Order to remain as a resting Order until such Limit Order is executed or cancelled. All Limit Orders shall be cancelled by the Exchange at the conclusion of Trading Hours on each Business Day.
 3. Sweep, Cross and Print ("SCP") Order. An Order to cross a pre-negotiated trade available only for Permitted Transactions. An SCP Order must be entered on the Platform with the Order size, limit price, buy or sell indication, and committed counterparty. One side of the SCP Order is entered on the Platform and matched with and executed against Orders in the central limit order book that are better than the pre-negotiated price, to the extent there are any such Orders. When the pre-negotiated price is the best bid (i.e., there are no contra-Orders at the best bid in the central limit order book), in the case of a sell SCP Order, or the best ask (i.e., there are no contra-Orders at the best ask in the central limit order book), in the case of a buy SCP Order, the remaining balance of the SCP Order shall be executed against the committed counterparty's side of the SCP Order. The agreed-upon terms of any SCP Order must be submitted to the Platform by one Participant within five minutes of the conclusion of any pre-negotiation. The counterparty to the transaction must then approve the terms before the SCP Order is executed.
 4. Quote. A Limit Order as defined in this Rule 5.3A that is entered on the Platform by a Liquidity Provider.

- B. The Exchange's central limit order book matches orders on the basis of a price and time priority algorithm.

Individuals or entities that have not been approved and authorized as Participants of the Exchange may trade Exchange Contracts only as Customers of an FCM Participant, and all Customer Orders must be transmitted to the Exchange by each Customer's FCM Participant. Each FCM Participant shall maintain a secure connection to the Exchange and comply with all technical and other requirements established by the Exchange for this purpose.
- B. Upon submission of a Cleared Swaps Customer Order, the Exchange will conduct a review of the FCM Participant's Cleared Swaps Customer Collateral Account to ensure that the FCM Participant's Cleared Swaps Customer can fully collateralize the Order prior to entering into any Transaction. If the FCM Participant's Cleared Swaps Customer Collateral Account does not have the necessary funds for the Order, the Exchange will not accept the Cleared Swaps Customer's Order.

Rule 5.5 Execution Methods

- A. The Exchange facilitates the execution of Orders through a central limit order book on the Platform, including SCP Orders as set forth in Rule 5.3. The Exchange does not facilitate the execution of block trades as defined in CFTC Regulation 43.2.
- B. A written record of all of the terms of each Transaction entered into on the Exchange or pursuant to the Rules will be available immediately upon execution through the Participant Portal. Such record shall legally supersede any previous agreement and serve as a confirmation of each such Transaction. The Exchange will send confirmation messages to Participants upon execution of a Transaction via the API and/or Portal, if such Participants are online at the time. However, please note that if any applicable Participant is not online at the time of execution, such Participant will see the confirmation(s) when it next logs on to the Platform.

CHAPTER 6 Clearing and Delivery

Rule 6.1 Clearance and Substitution

- A. Upon submission of an Order, the Exchange will conduct a review of the Participant's Collateral Account to ensure that the Participant can fully collateralize the Order prior to entering into any Transaction. If the Participant's Collateral Account does not have the necessary funds and/or collateral for the Order, the Exchange will not accept the Order.
- B. Upon the successful matching of Orders, the Exchange's Derivatives Clearing Organization shall immediately, through the process of Novation, be substituted as and assume the position of seller to the Participant buying and buyer to the Participant selling the relevant Exchange Contract. Upon such substitution, the buying and selling Participants shall be released from their Obligations to each other, and such Participants shall be deemed to have bought the Exchange Contract from or sold the Exchange Contract to the Exchange's DCO, as the case may be, and the Exchange's DCO shall have all the rights and be subject to all the liabilities of such Participants with respect to such Transactions. Such substitution shall be effective in law for all purposes. The Participants of the Swap are deemed to consent to the Novation by entering the applicable Orders on the Exchange Platform and the Exchange DCO consents to the Novation by accepting the Orders on the Exchange Platform.
- C. Swaps with the same terms and conditions, as defined by the Exchange Contract Specifications, submitted to the Exchange's Derivatives Clearing Organization for clearing, are economically equivalent within the Exchange's Derivatives Clearing Organization and may be offset with each other within the Exchange's Derivatives Clearing Organization.
- D. Upon acceptance of a Swap by the Exchange's Derivatives Clearing Organization for clearing:

1. The original Swap is extinguished;
 2. The original Swap is replaced by an equal and opposite Swap between the Exchange's DCO and each Participant; and
 3. All terms of a cleared Swap must conform to the Exchange Contract Specifications.
- E. If a Swap is rejected for clearing by the Exchange's Derivatives Clearing Organization for any reason, such Swap is void ab initio.

Rule 6.2 Settlement of Exchange Contracts

- A. The Exchange shall maintain, on its system, a record of each Participant's account balances and Exchange Contracts.
- B. On the Settlement Date, the Exchange will notify all Participants of the final amount payable.
- C. With respect to an Exchange Contract that is physically settled, the Exchange shall transfer the Underlying to the Participant Account on the Exchange's books and records of the Participant that exercised its Exchange Contract that is an option on the next Business Day after the Settlement Date. For an expired Exchange Contract that is an option, the Exchange will transfer the Underlying to the Participant Account on the Exchange's books and records of the Participant that initially posted the Underlying in its capacity as the option call writer.
- D. After the notice period on the last trading day of an expiring Series of Exchange Contracts that are options, the Exchange will delete all such Exchange Contracts that have not been exercised from each Participant's Participant Account. An Exchange Contract that is an option and that has not been exercised on or before the last trading day will expire with no value in accordance with the Contract Specifications.

Rule 6.3 Deposit Procedures

- A. A Participant must submit a deposit notification through the Participant Portal before the Participant may deposit funds or any Underlying with the Exchange. A Participant must deposit funds or Underlying on the same day as the Participant submits to the Exchange a deposit notification to the Exchange.

- B. Deposits occur, and funds and Underlying are available for use with respect to Trading Privileges and Clearing Privileges, no later than the next Settlement Bank Business Day after a Participant submits a deposit notification and deposits funds or Underlying with the Exchange in accordance with Rule 6.3A if the Participant has taken such actions during Trading Hours. For deposit notifications submitted and funds or Underlying transferred outside of Trading Hours, deposits occur, and funds and Underlying are available for use with respect to Trading Privileges and Clearing Privileges, no later than the second Settlement Bank Business Day after the Participant follows the procedures in Rule 6.3A.
- C. Participants are responsible for all transfers of funds from their Exchange-approved accounts to the Collateral Account or transfers of any Underlying to the Exchange for credit to the relevant Participant Account.
- D. In the event a Participant deposits funds or Underlying to the Exchange without submitting a deposit notification, the Participant agrees to: (1) cooperate with the Exchange to resolve any issues that may arise; and (2) agree that the Exchange will send the funds or Underlying back to the account or address from which it was transferred within two (2) Settlement Bank Business Days if there has been no resolution.

Rule 6.4 Withdrawal Procedures

- A. Only an Authorized Representative may submit a withdrawal notification through the Participant Portal before the Exchange transfers funds or Underlying to a Participant or a Cleared Swaps Customer. Upon receipt of a withdrawal notification, the Exchange no longer permits funds or Underlying in the amount listed in the withdrawal notification to be used for Trading Privileges and Clearing Privileges.
- B. Participants are responsible for providing accurate account numbers or wallet addresses, as the case may be, to allow the Exchange to effect transfers to the Participants or Cleared Swaps Customers.
- C. Withdrawals occur, and funds and Underlying are available, no later than the next Settlement Bank Business Day after a Participant has submitted a withdrawal notification if the Participant submits a withdrawal notification during Trading Hours. For withdrawal notifications submitted outside of Trading Hours,

withdrawals occur no later than the second [Settlement Bank](#) Business Day after the Participant submits a withdrawal notification.

- D. With respect to withdrawals of Bitcoin collateral, the Exchange shall deliver to the Participant a cryptographically signed Bitcoin transaction, which shall include the two signatures, the LedgerX “from” address, the Participant “to” address and the appropriate Bitcoin withdrawal amount.
- E. If a Participant fails to adhere to the withdrawal procedures set forth herein or in the Exchange Contract Specifications, as applicable, the Exchange will take reasonable measures to effect the withdrawal; however, if unable to effect the withdrawal, the Participant’s collateral may become the sole property of the Exchange, to the extent permitted by Applicable Law. The Exchange may apply the collateral (including any Underlying held in such Participant’s Participant Account) against the Participant’s Obligations.

Rule 6.5 Deliveries

A Participant that is required to make or accept delivery under an Exchange Contract (either for itself or on behalf of a Cleared Swaps Customer) agrees that it is required to provide full collateralization prior to entering any such Transaction or exercising any Exchange Contract so as to allow the Exchange to complete all necessary delivery requirements as set forth in the Rules. Deliveries will occur on the Exchange’s books and records unless otherwise specified in the Exchange Contract Specifications. Any failure to deposit funds or collateral in accordance with Rule 6.3 or withdraw funds or collateral in accordance with Rule 6.4 may be deemed a default of an Obligation and an act detrimental to the interest or welfare of the Exchange.

Rule 6.6 Reconciliation

The Exchange shall reconcile the positions and cash and collateral balances of each Participant at the end of each [Settlement Bank](#) Business Day. The Exchange shall make available to each Participant the positions and cash and collateral balances of each such Participant and any Cleared Swaps Customers of the Participant. All Participants shall be responsible for reconciling their records of their positions and cash and collateral balances with the records of positions and cash and collateral balances that the Exchange makes available to Participants.

Rule 6.7 Swap Data Reporting

- A. The Exchange shall report Regulatory Swap Data for Swaps to a single Swap Data Repository for purposes of complying with the CEA and applicable CFTC Regulations governing the regulatory reporting of swaps. The Exchange shall report all data fields as required by Appendix A to Part 43 of CFTC Regulations and Appendix 1 to Part 45 of CFTC Regulations, as applicable, including, but not limited to, Swap counterparties, Exchange Contract type, option method, option premium, LEIs, User IDs, buyer, seller, USIs, unique product identifiers, underlying asset description, the Swap price or yield, quantity, maturity or expiration date, the size, settlement method, execution timestamp, timestamp of submission to the SDR, the CTI Code, Participant Accounts, and whether a Participant is a swap dealer, major swap participant or a financial entity. The Exchange shall identify each counterparty to any Transaction in all recordkeeping and all Regulatory Swap Data reporting using a single LEI as prescribed under CFTC Regulation 45.6. As soon as technologically practicable after execution, the Exchange also shall transmit to both Swap counterparties and the LedgerX DCO, the USI for the Swap created pursuant to CFTC Regulation 45.5 and the identity of the SDR. For Swaps involving allocation, the Exchange will transmit the USI to the Reporting Counterparty and the agent as required by CFTC Regulation 45.5(d)(1).
- B. The Exchange shall from time to time designate a Swap Data Repository in respect of one or more Swaps and shall notify Participants of such designation. Currently, the Exchange reports all Regulatory Swap Data for all Swaps to ICE Trade Vault.
- C. Participants that become aware of an error or omission in Regulatory Swap Data for a Transaction shall promptly submit corrected data to the Exchange. Participant shall not submit or agree to submit a cancellation or correction in order to gain or extend a delay in public dissemination of accurate Swap Transaction and Pricing Data or to otherwise evade the reporting requirements of Part 43 of CFTC Regulations. LedgerX will report any errors or omissions in Regulatory Swap Data to the same SDR to which it originally submitted the Data, as soon as technologically practicable after discovery of any such error or omission.

- D. The Exchange sends the Regulatory Swap Data as set forth in Rule 6.7A to the Swap Data Repository as soon as technologically practicable after a trade has been executed on the Platform, or pursuant to the Exchange Rules. Following the transmittal of the Data to the Swap Data Repository, the Exchange will make available the Swap Transaction and Pricing Data to all Participants accessing the Platform. However, due to transmission and posting timing of the Swap Data Repository, Participants should be aware that the Swap Transaction and Pricing Data may be available on the Exchange Platform prior to being publicly disseminated by the Swap Data Repository.

CHAPTER 7 Margin

Each Participant, on behalf of itself or Cleared Swaps Customers, shall deposit funds or the applicable amount of the Underlying required to fully collateralize Orders pursuant to Exchange Contract Specifications, including payment of premiums, payment in exchange for delivery or to fulfill delivery obligations, as applicable, prior to submission of such Orders to the Exchange. If an Exchange Contract is an option, a Participant shall not be permitted to exercise such option if the Participant has not already deposited sufficient collateral to fully collateralize the Underlying or funds necessary to complete delivery or payment of the option, as applicable. Collateral transfers made by a Participant to the Exchange or by the Exchange to a Participant are irrevocable and unconditional when effected.

Rule 7.2 Collateral

- A. Subject to the terms and conditions of Exchange-approved margin collateral, the Exchange will accept from Participants the following as margin collateral: (1) cash; (2) the Underlying; and (3) any other form of collateral deemed acceptable by the Risk Management Committee upon the Risk Management Committee's approval of such collateral as communicated through Participant Notices and on the Website. The Exchange will value margin collateral as it deems appropriate.
- B. Except as otherwise provided herein, Collateral must be and remain unencumbered. Each Participant posting collateral hereby grants to the Exchange a continuing first priority security interest in, lien on, right of setoff against and collateral assignment of all of such Participant's right, title and interest in and to any property and collateral deposited with the Exchange by the

Participant, whether now owned or existing or hereafter acquired or arising, including without limitation the following: (i) such Participant's Participant Account and all securities entitlements held therein and all funds held in a Collateral Account; (ii) all Digital Currencies that, in each case, are held in or otherwise credited to a virtual "wallet" or other account maintained by the Exchange; (iii) such virtual "wallet" or other account; and (iv) all proceeds of the foregoing. A Participant shall execute any documents required by the Exchange to create, perfect and enforce such lien.

- C. Each Participant hereby agrees that with respect to any Digital Currency and any other financial asset which is or may be credited to the Participant's Participant Account, the Exchange shall have control pursuant to Section 9-106(a) and 8-106(e) of the UCC and a perfected security interest pursuant to Section 9-314(a) of the UCC.
- D. A Participant must transfer the collateral to the Exchange or to a Collateral Account and the Exchange will hold collateral transferred to the Exchange on behalf of the Participant. The Exchange will credit to the Participant the collateral that such Participant deposits. Collateral shall be held by the Exchange until a Participant submits a withdrawal notification unless otherwise stipulated by these Rules.
- E. The Exchange will not be responsible for any diminution in value of collateral that a Participant deposits with the Exchange. Any fluctuation in markets is the risk of each Participant. Any interest earned on Participant collateral may be retained by the Settlement Bank or the Exchange.
- F. The Exchange has the right to liquidate a Person's Exchange Contracts or non-cash collateral to the extent necessary to close or transfer Exchange Contracts, fulfill obligations to the Exchange or other Participants, and/or to return collateral in the event that (1) the Person ceases to be a Participant; (2) the Exchange suspends or terminates the Person's Trading Privileges or Clearing Privileges; or (3) the Exchange determines in its sole discretion that it is necessary to take such measures.

Rule 7.3 Segregation of Participant Funds

The Exchange shall separately account for and segregate from the Exchange's proprietary funds all Participant funds used to purchase, margin, guarantee, secure or settle Exchange Contracts, and all money accruing to such Participant as the result of Exchange Contracts so carried in a Collateral Account. The Exchange shall maintain a proprietary account that will be credited with fees or other payments owed to the Exchange that are debited from the Collateral Account as a result of Participant trades and settlements of Exchange Contracts. The Exchange shall maintain a record of each Participant's account balances and Exchange Contracts. The Exchange shall not hold, use or dispose of Participant funds except as belonging to Participants.

Rule 7.4 Concentration Limits

The Exchange may apply appropriate limitations or charges on the concentration of assets posted as collateral, as necessary, in order to ensure its ability to liquidate such assets quickly with minimal adverse price effects, and may evaluate the appropriateness of any such concentration limits or charges, on a periodic basis. In the event that the Exchange determines in its sole discretion that the Participant's deposit is in material excess of the amount necessary to collateralize the Participant's Exchange Contracts, the Exchange shall have the right to (1) transfer non-cash collateral, including Digital Currencies, back to a Participant, and Participant agrees to accept such transfer, or (2) take other action the Exchange deems to be necessary to safeguard the collateral. The Exchange shall be entitled to charge fees related to holding non-cash collateral in material excess of the amount necessary to collateralize a Participant's Exchange Contracts.

2. No Participant, Authorized User or other Person subject to the Exchange's jurisdiction shall engage in any fraudulent act or engage in any scheme to defraud, deceive, trick or mislead in connection with or related to any Exchange activity.
3. No Participant, Authorized User or other Person subject to the Exchange's jurisdiction shall knowingly enter, or cause to be entered, bids or offers on the Platform other than in good faith for the purpose of executing bona fide Transactions.

Rule 8.9 Trading Practices

- A. No Participant, Authorized User or other Person subject to the Exchange's jurisdiction shall knowingly effect or induce the purchase or sale of any Exchange Contract for the purpose of creating or inducing a false, misleading, or artificial appearance of activity in such Exchange Contract, or for the purpose of unduly or improperly influencing the market price of such Exchange Contract or for the purpose of making a price which does not reflect the true state of the market in such Exchange Contract. No such Participant, Authorized User or other Person shall arrange and execute simultaneous offsetting buy and sell Orders in an Exchange Contract with the intent to artificially affect reported revenues, trading volumes or prices.
- B. No Participant, Authorized User or other Person subject to the Exchange's jurisdiction shall attempt to manipulate, or manipulate the market, in any Exchange Contract or Underlying. No such Participant, Authorized User or other Person shall directly or indirectly participate in or have any interest in the profit of a manipulative operation or knowingly manage or finance a manipulative operation. This includes any pool, syndicate, or joint account, whether in corporate form or otherwise, organized or used intentionally for the purposes of unfairly influencing the market price of any Exchange Contract.
- C. Orders entered on the Platform for the purpose of upsetting the equilibrium of the market in any Exchange Contract or creating a condition in which prices do not or will not reflect fair market values are prohibited, and any Person who makes or

assists in entering any such Order with knowledge of the purpose thereof or who, with such knowledge, in any way assists in carrying out any plan or scheme for the entering of any such Order, will be deemed to have engaged in an act detrimental to the Exchange.

- D. No Participant, Authorized User or other Person subject to the Exchange's jurisdiction shall engage in any trading, practice, or conduct that constitutes a disruptive or a manipulative trading practice, as defined by the CEA, CFTC Regulations or in any interpretive guidance issued by the Commission.

- G. Abusive trading practices are prohibited on the Platform. No Participant, Authorized User or other Person subject to the Exchange's jurisdiction shall place or accept buy and sell Orders in the same product and expiration month, and for options, the same strike, when they know or reasonably should know that the purpose of the Orders is to avoid taking a bona fide market position exposed to market risk (transactions commonly known or referred to as "wash sales"). Buy and sell Orders that are entered with the intent to negate market risk or price competition shall be deemed to violate the prohibition on wash sales. Additionally, no Participant, Authorized User or other Person subject to the Exchange's jurisdiction shall knowingly execute or accommodate the execution of such Orders by direct or indirect means.
- H. No Participant, Authorized User or other Person subject to the Exchange's jurisdiction shall disclose an Order to buy or sell, except to an Exchange Representative or official of the CFTC or as necessary to efficiently execute the Order, nor shall any such Participant, Authorized User or other Person solicit or induce another Person to disclose Order information. No Participant, Authorized User or other Person shall take action or direct another to take action based on non-public Order information, however acquired, except as permitted by Rule

8.4B. The mere statement of opinions or indications of the price at which a market may open or resume trading does not constitute a violation of this Rule.

Rule 8.10 Customer Order Priority

- A. No Participant, Authorized User or other Person subject to the Exchange's jurisdiction shall knowingly enter an Order on the Platform for its own account, an account in which it has a direct or indirect financial interest, or an account over which it has discretionary trading authority (a "Discretionary Order"), including, without limitation, an Order allowing discretion as to time and price, when such Person is in possession of a Customer Order that can be but has not been entered on the Platform.
- B. For purposes of this Rule 8.10, a Person shall not be deemed to knowingly buy or sell an Exchange Contract or execute a Discretionary Order if:
 - 1. such Person is a corporate or other legal entity consisting of more than one individual trader;
 - 2. such Person has in place appropriate "firewall" or separation of function policies and procedures; and
 - 3. the Person or Authorized User buying or selling the Exchange Contract or executing the Discretionary Order in question has no direct knowledge of the Order to buy or sell the same Exchange Contract for any other Person at the same price or at the market price or of the Customer Order for the same Exchange Contract, as the case may be.
- C. Nothing in this Rule 8.10 limits the ability of an "eligible account manager" to bunch Orders in accordance with CFTC Regulation 1.35(b)(5).

Rule 8.11 Trading Against Customer Orders

- A. No Person in possession of a Customer Order shall knowingly take, directly or indirectly, the opposite side of such Order for its own account, an account in which it has a direct or indirect financial interest, or an account over which it has discretionary trading authority.
- B. The foregoing restriction does not prohibit permissible pre-execution discussions conducted in accordance with Rule 8.4.

Rule 8.14 Crossing Orders

Independently initiated Orders on opposite sides of the market for different beneficial account owners that are immediately executable against each other may be entered without delay. Orders must not involve pre-execution communications, except as permitted by Rule 8.4B.

Rule 8.15 Position Limits

- A. To reduce the potential threat of market manipulation or congestion, LedgerX shall adopt for each of its Exchange Contracts, as is necessary and appropriate, position limitations or position accountability levels for speculators. The Exchange may establish position limits for one or more Exchange Contracts at a level not higher than any limit set by the CFTC for any Exchange Contract. The position limit levels shall be set forth in a Position Limit and Position Accountability Level Table as may be amended from time to time by the

Exchange in a Participant Notice and on the Website. The Exchange may grant exemptions from position limits in accordance with CFTC Regulations.

- B. A Participant seeking an exemption from position limits, including position limits established pursuant to a previously approved exemption, must file the required application with the Exchange in the form and manner as the Exchange may require from time to time and receive approval before exceeding such position limits. Notwithstanding the foregoing, a Participant who establishes an exemption-eligible position in excess of position limits and files the required application with the Exchange shall not be in violation of this Rule, provided the filing occurs within one Settlement Bank Business Day after assuming the position. In the event that the positions in excess of the position limits are not deemed to be exemption-eligible, the applicant and the Executing Participant, if any, will be in violation of speculative position limits for the period of time in which the excess positions remained open.
- C. A Participant who owns or controls aggregate positions in an Exchange Contract in excess of the reportable levels set forth in the Position Limit and Position Accountability Level Table or where such Person otherwise holds substantial positions in Exchange Contracts shall:

 3. be deemed to have consented, when so ordered by the Exchange, in its sole discretion, not to further increase the positions, to comply with any prospective limit which exceeds the size of the position owned or controlled, or to liquidate any open position which exceeds position limits; and

4. liquidate Exchange Contracts, if applicable, in an orderly manner.
- D. This Rule 8.15 shall not limit the jurisdiction of the Exchange to take action that it determines necessary or appropriate in respect of any positions on the Exchange, including but not limited to the Exchange taking steps to liquidate such Exchange Contracts on behalf and at the expense of such Participant to the extent necessary to eliminate such excess.

Rule 8.16 Position Accountability Levels

- A. The Exchange shall establish position accountability levels for Exchange Contracts not subject to position limits pursuant to Rule 8.15. The position accountability levels shall be set forth in a Position Limit and Position Accountability Level Table as may be amended from time to time by the Exchange in a Participant Notice and on the Website.

 3. be deemed to have consented, when so ordered by the Exchange, in its sole discretion, not to further increase the positions, to comply with any prospective limit which exceeds the size of the position owned or controlled, or to liquidate any open position which exceeds position accountability levels; and
 4. liquidate Exchange Contracts, if applicable, in an orderly manner.

- C. This Rule shall not limit the jurisdiction of the Exchange to take action that it determines necessary or appropriate in respect of any positions on the Exchange, including but not limited to the Exchange taking steps to liquidate such Exchange Contracts on behalf and at the expense of such Participant to the extent necessary to eliminate such excess.

Rule 8.17 Aggregation of Positions

- A. For purposes of Rule 8.15 and Rule 8.16, all positions in Exchange Contracts must be aggregated as required by CFTC Regulations. Aggregation of positions shall apply to:
 - 1. All positions in accounts for which a Person by power of attorney or otherwise directly or indirectly owns the positions or controls the trading of the positions. Position limits shall apply to positions held by two or more Persons acting pursuant to an expressed or implied agreement or understanding, in the same as if the positions were held by, or the trading of the positions was done by, a single Person.
 - 2. Any Person holding positions in more than one account, or holding accounts or positions in which the Person by power of attorney or otherwise directly or indirectly has a ten percent or greater ownership or equity interest, must aggregate all such accounts or positions unless such Person is exempted from aggregating such positions by CFTC Regulations.
- B. Any Participant seeking an exemption from aggregation of positions must (1) satisfy the exemptive requirements in CFTC Regulations; and (2) apply for an Exchange-approved exemption in the form and manner as may be prescribed by the Exchange from time to time.

- B. Positions in Exchange Contracts at or above the reportable level set forth on the Website trigger reportable status. For a Participant in reportable status, all positions, regardless of size, in relevant Exchange Contracts must be reported to the Exchange, in addition to any regulatory obligations a Participant may have separate and apart from these Rules.
- C. All large trader reports shall be submitted in the form and manner specified by the Exchange. The Exchange may require that more than one large trader report be submitted daily. The Regulatory Oversight Committee may require certain Participants to provide reports on a lesser number of positions than otherwise required by the Exchange.

Rule 8.19 Compliance

Each Participant shall have a compliance program commensurate with the size and scope of its trading activities on the Exchange and designed to ensure appropriate, timely and ongoing review of trading practices and compliance with the Rules. Each Participant shall act in accordance with these practices for compliance and monitoring with regard to its Exchange activity:

- A. Provide for proper training of personnel on the provisions of the Rules;
- B. Maintain internal policies and procedures to promote compliance with the Rules;
- C. Promptly disclose to the Exchange the details of any violations of the Rules involving a Participant's activities on the Exchange, including its own activities or those of another Participant, and a Participant shall promptly disclose to the Exchange the details of any disciplinary sanctions, fines or other related determinations made by a Regulatory Agency or another market on which such Participant trades, or provision of market information to the Exchange or any of its Affiliates;

- C. A PERSON'S USE OF THE PLATFORM, EXCHANGE PROPERTY AND ANY OTHER INFORMATION AND MATERIALS PROVIDED BY THE EXCHANGE IS AT THE PERSON'S OWN RISK, AND THE PLATFORM, THE EXCHANGE

PROPERTY AND ANY OTHER INFORMATION AND MATERIALS PROVIDED BY THE EXCHANGE HEREUNDER ARE PROVIDED ON AN “AS IS” AND “AS AVAILABLE” BASIS, WITHOUT WARRANTIES OR REPRESENTATIONS OF ANY KIND, EXPRESS OR IMPLIED, BY STATUTE, COMMON LAW OR OTHERWISE, INCLUDING ALL IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT, AND ANY WARRANTIES ARISING FROM A COURSE OF DEALING, USAGE OR TRADE PRACTICE. FURTHERMORE, THE EXCHANGE SHALL HAVE NO OBLIGATION TO MONITOR OR VERIFY ANY INFORMATION DISPLAYED THROUGH THE PLATFORM.

- D. A PARTICIPANT THAT DEPOSITS COLLATERAL FOR ITS BENEFIT WITH THE EXCHANGE PURSUANT TO THESE RULES SHALL HOLD THE EXCHANGE HARMLESS FROM ALL LIABILITY, LOSSES AND DAMAGES WHICH MAY RESULT FROM OR ARISE WITH RESPECT TO THE CARE AND SALE OF SUCH COLLATERAL PROVIDED THAT THE EXCHANGE HAS ACTED REASONABLY AND IN ACCORDANCE WITH APPLICABLE LAW UNDER THE CIRCUMSTANCES. FURTHERMORE, THE EXCHANGE HAS NO RESPONSIBILITY FOR ANY ACT OR OMISSION OF ANY THIRD PARTY SERVICE PROVIDER THAT THE EXCHANGE HAS CHOSEN WITH REASONABLE CARE. THE EXCHANGE HAS NO RESPONSIBILITY OR LIABILITY FOR ANY LOSS OF COLLATERAL THAT RESULTS, DIRECTLY OR INDIRECTLY, FROM A BREACH TO A PARTICIPANT'S SECURITY OR ELECTRONIC SYSTEMS, INCLUDING BUT NOT LIMITED TO CYBER ATTACKS, OR FROM A PARTICIPANT'S NEGLIGENCE WITH RESPECT TO A WALLET, ADDRESS OR THE RECEIPT OF COLLATERAL UPON THE REQUEST OF A WITHDRAWAL, OR FROM A PARTICIPANT'S DEPOSIT, MISTAKE, ERROR, NEGLIGENCE, OR MISCONDUCT WITH RESPECT TO ANY COLLATERAL TRANSFERS A PARTICIPANT MAKES OR ATTEMPTS TO MAKE TO THE EXCHANGE.
- E. - G. ANY CLAIM FOR REDRESS OR DAMAGES HEREUNDER SHALL BE FILED IN A COURT OF COMPETENT JURISDICTION WITHIN ONE YEAR OF THE DATE ON WHICH SUCH CLAIM ALLEGEDLY AROSE. FAILURE TO INSTITUTE LITIGATION WITHIN SUCH TIME PERIOD SHALL BE DEEMED TO BE A WAIVER OF SUCH CLAIM AND THE CLAIM SHALL BE OF NO FURTHER FORCE OR EFFECT. THE ALLOCATIONS OF LIABILITY IN THIS RULE 11.7 REPRESENT THE AGREED AND BARGAINED FOR UNDERSTANDING OF THE PARTIES, AND EACH PARTY ACKNOWLEDGES THAT THE OTHER PARTY'S RIGHTS AND OBLIGATIONS HEREUNDER REFLECT SUCH ALLOCATIONS. ADDITIONALLY, THE FOREGOING LIMITATIONS ON LIABILITY OF THIS RULE SHALL BE SUBJECT TO THE CEA AND THE REGULATIONS PROMULGATED THEREUNDER, EACH AS IN EFFECT FROM TIME TO TIME.

Rule 11.8 Error Trade Policy

The Exchange shall have the discretion to delete Orders, adjust prices, cancel trades or suspend the market in the interest of maintaining a fair and orderly market, in accordance with this Rule 11.8.

- A. In normal circumstances, the Exchange will only adjust prices or cancel trades on the basis that the price traded is not representative of market value. The Exchange will make the final decision on whether a trade price is adjusted, or a trade is cancelled or is allowed to stand. In determining whether a trade has taken place at an unrepresentative price, certain factors will be taken into account. They may include, but not be limited to:
 - 1. price movements in other expiration months of the same Exchange Contract;

2. current market conditions, including levels of activity and volatility;
3. time period between different quotes and between quoted and traded prices;
4. information regarding price movement in related contracts, the release of economic data or other relevant news just before or during electronic Trading Hours, as applicable;
5. manifest error;
6. whether there is any indication that the trade in question triggered stops or resulted in the execution of spread trades;
7. whether another market user or client relied on the price;
8. whether a transaction cancellation or price adjustment will adversely impact market integrity, facilitate market manipulation or other illegitimate activity, or otherwise violate applicable rules or regulations;
9. whether any Participants to the trade in question request that any action be taken; and
10. any other factor which the Exchange, in its sole discretion, may deem relevant.

B. The Exchange, when applicable, may establish price and/or volume reasonability levels (“**Reasonability Levels**”) within the system for each Exchange Contract. The Exchange may also establish alert levels (“**Alert Levels**”) as applicable, beyond which the Exchange will send an alert (“**Alert**”) to the relevant Participants via the Participant Portal or API, ~~as applicable (“**Reasonability Level Alert**”).~~ These Reasonability Levels and Alert Levels necessarily are flexible to take account of prevailing market conditions. The Exchange incorporates Reasonability Levels ~~to address in determining Alert Levels for~~ issuing Alerts for items such as “fat finger” type errors. Reasonability Levels and Alert Levels are set by the Exchange and may be varied from time to time according to market conditions. The Exchange will notify Participants of any modifications to the Reasonability Levels. Upon receipt of any Reasonability Level Alert, Participant can choose whether or not to proceed with entry and execution of the applicable Order. If the applicable Participants approve the

volume and/or price following receipt of the ~~Reasonability Level~~ Alert, the Exchange will attempt to execute the Order and the trade will be finalized.

- C. Any trade executed at a price outside of the No Cancellation Range (as defined below), if identified to the Exchange within the designated time period, may be considered an alleged error trade.
- D. The Reasonability Levels applicable to each Exchange Contract will be listed on the Exchange's website. ~~In addition, Participants can further customize personal Reasonability Levels that apply only to the Participant's Orders, thereby providing further risk control over the Participant's Orders.~~
- E. Any trade which is alleged to be an error trade and subsequently is cancelled due to the determination that it has been executed at an unrepresentative price may be investigated by the Exchange.
- F. There is a defined "no cancellation range" ("**No Cancellation Range**") for each Exchange Contract. Trades executed within this price range will not be cancelled or price adjusted. A component of market integrity is the assurance that once executed, except in exceptional circumstances, a trade will stand and not be subject to cancellation or price adjustment. Any trades that do not have an adverse effect on the market should not be able to be cancelled or price adjusted, even if executed in error.
- G. In applying the No Cancellation Range, the Exchange shall determine the fair market price for the Exchange Contract. The Exchange may consider any relevant information including, but not limited to, the bid, the ask, the bid size, the ask size, and the spot price.
- H. The No Cancellation Range will be determined per Exchange Contract and will be available on the Exchange's website.
- I. If a trade takes place within the No Cancellation Range and is alleged to be an error, the trade will not be cancelled.
- J. Trades executed outside of the No Cancellation Range may be reported to or considered by the Exchange as an error.
- K. Market users have ten (10) minutes from the time of the original trade in which to allege a trade has been executed in error.

- L. The Exchange will notify the market immediately through its website that an error has been alleged, giving details of the trade, including Exchange Contract month, price and volume. The Exchange also will notify the Participants involved via e-mail. The Exchange will then notify all Participants through a Participant Notice whether the price is adjusted or the trade is cancelled or stands. The Exchange will then contact those parties involved in the trade to explain the Exchange's decision.
- M. In order to assist the Exchange in determining whether the trade alleged to be an error has taken place at an unrepresentative price, the Exchange may contact/consult Participants and other market Participants. The Exchange will not disclose to the parties to the alleged error trade the identity of their counterparty. In addition, the identities of the counterparties to the alleged error trade will not be disclosed to any Participant or other Person the Exchange may consult with. The Exchange will take into account a variety of market factors in its determination. Each error situation will be assessed on its individual circumstances.
- N. If the Exchange determines that a trade price is outside the No Cancellation Range for an Exchange Contract, the trade price may be adjusted to a price that equals the fair value market price for that Exchange Contract at the time the trade under review occurred. The Exchange may consult and obtain the consent of the parties to the price adjustment or may determine a price adjustment is appropriate regardless of any party's consent or lack thereof. The Exchange, at its discretion, may allow the trades to stand or cancel the trades rather than adjusting the price. The decision of the Exchange is final.
- O. If the Exchange determines that the price differential of a spread trade is not representative of the market for that spread trade at the time of execution, then the differential of such spread trade may be adjusted to the price differential for that spread trade at the time the trade under review occurred. The Exchange, at its discretion, may allow the trades to stand or cancel the trades rather than adjusting the price differential. The decision of the Exchange is final.
- P. The Exchange will make every attempt to ensure that a decision on whether an alleged error trade will have its price adjusted, will stand or be cancelled will be

communicated to the market as soon as reasonably possible after the time of the original trade.

- Q. The Exchange has the unilateral right to cancel any Order, adjust the price of a trade and cancel any trade which it considers to be at an unrepresentative price, even where there has been no referral or request from a Participant or other Person, in the interest of maintaining a fair and orderly market. The Exchange aims to exercise this right within thirty (30) minutes after the trade has been identified. The Exchange also reserves its right to cancel any Order, adjust the price of a trade and cancel any trade due to any technology failure or system malfunction, even where there has been no referral or request from a Participant or other Person, in the interest of maintaining a fair and orderly market and aims to exercise this right within thirty (30) minutes after the system or technology failure has been identified. The Exchange reserves its right to consider each alleged error trade situation on its individual merits and may therefore amend these policies in light of the circumstances of each individual case. The decision of the Exchange is final.
- R. Cancelled trades and prices that have been adjusted will be noted as such in the Exchange's official record of time and sales. A special marker will indicate trades that have been priced adjusted in the official record of time and sales at the adjusted trade price.
- S. NEITHER THE EXCHANGE NOR ANY OF ITS REPRESENTATIVES, ITS AFFILIATES OR ITS AFFILIATES' REPRESENTATIVES SHALL BE LIABLE TO ANY PERSON, OR ANY PARTNER, DIRECTOR, OFFICER, AGENT, EMPLOYEE, AUTHORIZED USER OR AUTHORIZED REPRESENTATIVE THEREOF, FOR ANY LOSS, DAMAGE, INJURY, DELAY, COST, EXPENSE, OR OTHER LIABILITY OR CLAIM, WHETHER IN CONTRACT, TORT OR RESTITUTION, OR UNDER ANY OTHER CAUSE OF ACTION, SUFFERED BY OR MADE AGAINST THEM ARISING FROM ANY ACT OR OMISSION ON THE PART OF THE EXCHANGE, ITS REPRESENTATIVES, ITS AFFILIATES OR ITS AFFILIATES' REPRESENTATIVES RELATING TO ANY DECISION BY THE EXCHANGE TO, OR TO NOT, VOID, NULLIFY OR CANCEL ORDERS OR TRADES OR ADJUST THE PRICES OF ANY TRADES IN WHOLE OR IN PART. THIS LIMITATION OF LIABILITY WILL APPLY REGARDLESS OF

WHETHER OR NOT THE EXCHANGE, ITS REPRESENTATIVES, ITS AFFILIATES OR ITS AFFILIATES' REPRESENTATIVES (OR ANY DESIGNEE THEREOF) WERE ADVISED OF OR OTHERWISE MIGHT HAVE ANTICIPATED THE POSSIBILITY OF SUCH DAMAGES.

Rule 11.9 Exchange Contacts

All requests to cancel Orders or trades must be directed to the Exchange via the Participant Portal or the Exchange telephone number posted on the website. Any such request for the removal of Orders will be acted upon on a best-efforts basis by the relevant Exchange Personnel.

Rule 11.10 Reasonability Levels

The Error Trade Policy includes Reasonability Levels and No Cancellation Ranges for all Exchange Contracts on the Platform.

A. Benchmark:

1. If there exists a last price in the applicable Exchange Contract in the last 48 hours, then such price will be used as the benchmark; or
2. If there exists no last price but there is a bid AND an ask in the last 48 hours, then the Exchange will use the midpoint of the most recent bid & most recent ask as the benchmark.

B. Reasonability Levels:

1. If Benchmark 1 or 2 is applicable, then the Reasonability Level = 50% of the Benchmark; or
 - a If neither Benchmark 1 nor 2 apply, then there will be no alerts generated for this Exchange Contract and error trades are subject to the No Cancellation Range and Exchange discretion with respect to adjusting or cancelling trades.

Rule 11.11 No Cancellation Ranges

A. Benchmark:

1. If there exists a last price in the applicable Exchange Contract in the last 48 hours, then such price will be used as the benchmark; or

2. If there exists no last price but there is a bid AND an ask in the last 48 hours, then the Exchange will use the midpoint of the most recent bid and most recent ask as the benchmark.
- B. No Cancellation Range:
1. If Benchmark 1 or 2 is applicable, then the No Cancellation Range = 20% of the Benchmark; or
 2. If neither Benchmark 1 nor 2 apply, then there is not a No Cancellation Range for that Exchange Contract at that time and the Exchange will evaluate each error alleged error trade situation on its individual merits and the facts and circumstances of each individual case.

Rule 11.12 Amendments to the Rules

CHAPTER 12 Exchange Contract Specifications

Rule 12.1 USD/BTC Options

- A. Contract Description.** Generally speaking, an option is an agreement that grants the option purchaser, in exchange for a premium, the right, but not the obligation, to purchase from (in the case of a call option) or to sell to (in the case of a put option) the option writer, at a specified exercise or “strike” price, and at specified time(s) or within a specified period, a specified underlying interest. Participants may enter into Exchange Contracts as buyers or sellers of calls and/or puts. This Rule 12.1 pertains to options on bitcoin (as described further herein) and contains general Exchange Contract terms and conditions.
- B. Bitcoin.** Bitcoin is a computer network and protocol that allows digital currency to be stored and transferred in a distributed manner without the need for a central intermediary. The Bitcoin network is a form of blockchain, which allows consensus to be built and maintained on a distributed, decentralized basis by parties with no inherent reason to trust one another. Each individual bitcoin transaction is validated by the network of decentralized parties, or nodes, over a period of time and then added to a “block”, which is then cryptographically linked to the immediately preceding block (over time, creating a chain, or a “blockchain”).
- C. Trading Hours.** The trading hours of the Exchange’s Swap Execution Facility that are applicable to the Exchange Contract described in this Rule 12.1 (a “USDBTC Option”) will be as follows:
- a. Trading hours on the Exchange’s Swap Execution Facility will commence each Business Day at 9:30 a.m. New York time (EST/EDT) and end each Business Day at 4:00 p.m. New York time (EST/EDT).
- D. Currency.** The currency applicable to USDBTC Options will be United States dollars, expressed as dollars and cents per bitcoin.

- E. Underlying.** The USDBTC Option underlying will be bitcoin (sometimes referred to as “BTC”).
- F. Contract Size.** Each USDBTC Option contract size will be one bitcoin.
- G. Position Limits.** No person will own or control positions in excess of:
- a. 100,000 USDBTC Options net long or net short in any single Exchange Contract month; or
 - b. 250,000 USDBTC Option net long or net short in all Exchange Contract months combined.
- H. Collateral.** All Exchange Contracts will be fully collateralized. Each Participant must post the maximum potential loss on a USDBTC Option prior to executing a USDBTC Option.
- I. Option Conventions.**
- a. *Traded Price.* The traded price on the Trade Date.
 - b. *Strike Price.* As of any Trade Date, (i) a range of approximately 15% up and 15% down from the approximate prevailing spot market price as of such date, with increments of \$100.00, (ii) a smaller number of additional strikes in increments ranging from \$250.00 to \$1000.00 for prices between 20% and 300% of the approximate prevailing spot market price as of such date, and (iii) any previously-listed strikes with remaining open interest, in each case as may be determined and listed from time to time by the Exchange in its sole discretion.
 - c. *Daily Settlement Price.* None. Because all Exchange Contracts are fully collateralized and physically settled, it is not necessary for the Exchange to publish a settlement price. Each Participant determines whether the intrinsic value of the underlying is greater than the relevant Strike Price as of the Last Trading Date and makes a corresponding decision as to exercise.

- d. *Business Day Convention.* Previous.
- e. *Exercise Type.* European.
- f. *Contract Series.* Consecutive months up to and including 60 months from the month including the Trade Date, or as otherwise determined and listed from time to time by the Exchange in its sole discretion.
- g. *Last Trading Date.* The last Friday of each USDBTC Option month.
- h. *Expiration Time.* With respect to any USDBTC Option, 4:00pm New York time on the Last Trading Date applicable thereto.
- i. *Settlement.* Physical delivery upon exercise. With respect to any USDBTC Option, physical delivery will occur on the Business Day next succeeding the Last Trading Day in respect of such Exchange Contract.
- j. *Final Payment Date.* With respect to any USDBTC Option, the Business Day next succeeding the Last Trading Day in respect of such Exchange Contract.

J. Exercise

On the Last Trading Date, Participants submit or update exercise instructions for any long USDBTC Option positions. All exercise instructions are processed on the Last Trading Date not earlier than 5:00pm.

Because the Exchange does not publish a settlement price, there is no provision for automatic exercise of Exchange Contracts.

Rule 12.2 Day-Ahead USD/BTC Swaps

- A. Contract Description.** The term “swap” is a generic one that covers many types of instruments, including (among other things) any agreement, contract or transaction that is for the purchase or sale of any one or more currencies or commodities. A Participant may enter into an Exchange Contract as a buyer, whereby such Participant will pay USD and receive BTC, or as a seller, whereby such Participant will pay BTC and receive USD. The Exchange Contract requires that a buyer pay USD on the Initial Payment Date, and that the seller pay BTC on the Final Payment Date. This Rule 12.2 pertains to swaps on bitcoin (as described further herein) and contains general Exchange Contract terms and conditions.
- B. Bitcoin.** Bitcoin is a computer network and protocol that allows digital currency to be stored and transferred in a distributed manner without the need for a central intermediary. The Bitcoin network is a form of blockchain, which allows consensus to be built and maintained on a distributed, decentralized basis by parties with no inherent reason to trust one another. Before the Exchange's Swap Execution Facility will accept a sell order for one or more Day-ahead Swaps from a Participant, such Participant must have sufficient bitcoin available for trading in its account to satisfy its delivery obligations on such Exchange Contract(s).
