Let's listen to the minibeast song

<https://www.youtube.com/watch?v=-9Ej5vT3tcg&list=PL8C835C128652999F>

Listen to the story of Superworm again

<https://www.youtube.com/watch?v=7Jnk3XApKBg>

Superworm is a minibeast superhero.

If you were a superhero what would your special power be? Would you be really strong, or able to fly, or very flexible? Would you be able to do magic?

Draw a picture of yourself as a superhero, write your superhero name and describe your superpower.

Must: draw a picture of yourself as a superhero and use your phonics to help you write your superhero name and what your super power would be?

Should: draw a picture of yourself as a superhero and write your superhero name. Write a sentence describing your super power, using the sentence starter, 'My super power would be...'.

Could: draw a picture of yourself as a superhero and write your superhero name. Write a sentence describing your super power.

Extension: can you add an adjective to your description of your super power?

Book Review

Pick a favourite book that you have read this week, it can be your own book or a Bug Club book.

While you read it have a look and see if there are any cvc words or sight words that we have been focussing on, in the book.

Fill in the book review below. You can record/write it.

A book review by: _____

Book title: _____

What is the book about?

Who are the main characters?

Where is the story set?

What did you like about this book?

Rating:

Draw your favourite part of the story.

A large, empty rounded rectangle intended for drawing the favorite part of the story.

Join Book Club to receive printed copies
of Originals stories each half-term.

Today, I would like to look at the picture below. It's the big picture from Oak Academy. Let's write some number problems based on what we can see in the picture.

Must: Count different objects in the picture. Find 5 sets of things.

For example, 4 yellow flowers
2 clouds

Should/Could: Create 2 number stories based on the picture. You may create an addition or a subtraction story.

For example:

First, Mary picks 4 yellow flowers.
Then she picks 5 purple flowers.
Now she has 9 flowers altogether.
 $4 + 5 = 9$

First, there are 10 red flowers growing in grass.
Then, Mary's sheep eats 3 flowers.
Now there are 7 flowers left.
 $10 - 3 = 7$

Topic

ICT TASK:

If you can access this interactive game, you can practise your ICT skills. Help the bee pollinate Margaret's marigolds!

<https://www.bbc.co.uk/cbeebies/games/margarets-marigolds-game>

PE TASK:

Miss Rolle has created a PE activity based on minibeast movements. Get your bug detective hats on and then transform from a caterpillar to a butterfly.

<https://youtu.be/CRo2MDtmEKs>

PSED TASK:

Burns Night is celebrated on the 25th of January every year in Scotland and the UK. A Burns supper is a celebration of the life and poetry of the poet Robert Burns.

What is Burns Night and who was Robert Burns? Watch the video below:

Activity: Tartan Weaving Craft

You will need:

- 3 sheets of different coloured paper
- Scissors
- Cellotape or sticky tape (optional)

Instructions on the next page.

Step 1

Take your first piece of paper and fold it in half.
Next, cut the two halves again so you now have four equal cut sections.
Cut the sections in half again, so now there are eight equal sides.

Step 2

Unfold the first piece of paper and you now have a page that has evenly spaced slots for weaving.
Take the other coloured sheets of paper and cut them into individual strips.

Step 3

Weave the individual strips through the slots in the paper. To make a checkerboard pattern, weave only one coloured strip under and over the slots.

Step 4

When you have finished weaving, fold the ends of the strips to the back and tape them down with sticky tape.
