

USING HAPPY EMOJIS

Smiley face

USE WHEN YOU SHARE A HAPPY MOMENT OR FEELING

This face is the simplest form of smiling emojis that signal happiness, positivity, or contentment.

Smiling face with cold sweat

USE WHEN YOU ARE NERVOUS BUT EXCITED FOR SOMETHING

This emoji displays a positive smile but the droplet of water expresses nerves, stress, or discomfort. Because of the combined characteristics, send this emoji after a close call or other nerve-racking event.

Face with tears of joy

USE AFTER A JOKE OR WHEN YOU LAUGH

This emoji is used to express humor or laughter. The expressive eyes and smile indicate that this tear-filled emoji does not show sadness.

Relieved face

USE WHEN YOU FEEL RELIEVED OR SOMETHING GOOD HAS HAPPENED

This emoji has closed peaceful eyes with a relaxed smile. It can portray contentment, happiness, or relief.

Heart eyes emoji

USE WHEN YOU LOVE SOMEONE OR SOMETHING

This emoji indicates love because of the heart-shaped eyes and excitement with its wide smile. Use this emoji for your family, pets, or favorite things.
