

STONE CELLARS®

Founded 1893 | Family Owned Vineyards™

Stone Cellars, founded in 1893, crafts a portfolio of smooth classically structured varietal wines that reflect the tradition of quality set forth over 100 years ago. In the decades since then, Stone Cellars has been at the forefront of viticulture and winemaking innovation to ensure consistent high quality across all product lines, and these wines are no exception. At Stone Cellars, our goal is to achieve the optimal level of flavor and balance in our wines - this starts in the vineyards! Our family owned vineyards are located throughout California, in regions that offer ideal growing conditions of particular varietals, delivering on each wine's commitment to true varietal expression. We believe in honoring and practicing traditional winemaking techniques to maximize flavor from the grapes by extracting the utmost depth in color of reds, and preserving the brightest fruit for our whites. Our wines are food friendly, with each varietal back label clearly identifying the wine style that is right for you, from Sweet to Medium-Sweet, and Medium-Dry to Dry. Enjoy a glass of Stone Cellars today. Enjoy responsibly.

CHARDONNAY

2018

CALIFORNIA

WINEMAKER NOTES:

The Stone Cellars Chardonnay offers tropical aromas of pineapple, guava and mango. These aromas harmonize with creamy flavors of caramelized sugar and crème brûlée.

FOOD PAIRING SUGGESTIONS:

This wine pairs well with soft cheese like Brie and Camembert. Also try it with fish!
