
New Jersey 2022 Overview

WellCare New Jersey Plans

The WellCare Advantage

- **Personalized URL (PURL) allows beneficiaries to self-enroll into their desired plan under the broker's profile — triggering commissions to the broker and a documented relationship with the member**
- **Enhanced Broker Portal enables brokers to manage their business independently with instant access to commission statements, book of business reports, etc.**
- **Custom Point allows brokers to order sales materials and have them shipped directly to their home or office**
- **Mobile Enrollment Application provides access to easy to navigate mobile application platform, making enrollments easier than ever**
- **Paper Application Fax Confirmations are emailed to brokers who submit a paper application with their personalized barcode, reassuring brokers that the plan has received the application successfully**
- **Online Access to Formularies and Provider Directories**
- **Local Market Support-Provide assistance and service for re-certification process and Ensure all brokers are battle ready for 10/01 and provide all resources and support needed**
- **Corporate Sales Support**
- **Call Center Support**
- **Agent Recognition Programs**
- **Agent Events**
