

Stella Steele

June 17, 1926 - December 14, 2013

Stella P. Steele

Stella P. Steele, 87, a young soul in an old worn out body, was called home to be with her Heavenly Father and Jesus Christ on Saturday, December 14, 2013 at the Sheridan Memorial Hospital with her children beside her. She held on to be reunited with her soul mate, David N. Steele on their 66th wedding anniversary, December 15, 2013.

Stella was born June 17, 1926 to Charles A. and Katherine Pearl (Baker) Birdie in Yakima, WA. She graduated from Rapid City High School. She married David Norris Steele in Sundance, WY on December 15, 1947. Her greatest achievement was who she was... a wife, mother, grandmother, sister, daughter, friend. Loved by everyone and she loved them.

In her younger years, she loved camping, hunting, fishing, horseback riding with friends and family. She was very talented, she taught herself to crochet, cross-stitch, tating, knitting, and sewing. She learned how to paint by watching Bob Ross. She loved playing solitaire, word search and brain games. She enjoyed reading and watching movies. She made the BEST chocolate chip cookies, and home made carrot cake... those will be greatly missed! She loved to listen to her grandson sing and play the guitar, reminded her of her husband.

She was a life member of the VFW/AUX 10105, Dayton Benefit Club, Odd Fellows/Cantons she had many leadership positions over the years. She volunteered many hours to service...making quilts, cookies, cakes and serving many dinners at Dayton Community Hall. She helped with sending care packages to veterans in the Vietnam War.

An Angel on earth you were...
always helping others in their time of need
unselfish you spent your life
caring, doing, and helping us to learn
lessons up to that very night

Your life has not been easy
losing your mother at an early age
]to be passed around among relatives
is what made you who are today

You donated time, talent, and baked
a million chocolate chip cookies
You perfected your recipes
you ripped out doilies, hems, & cross-stitch
until it was done perfectly

You are a great example to us all
to never give up, and to never give in
To make sure if you are going to do it...
do it right to the very end.

You were not afraid to let go and go on
You held on the that special date
To return, meet and celebrate
To be reunited with your soul mate
The veil separated for you to pass through
now your body is whole and pain free

We all were touched by your caring hand
and loving heart... acquaintance,
friend or family
your love for us was absolute.

We are blessed to have you in our life
you were there for us in our daily trials
through health, sickness and strife
you were always positive, good will
and full of Christ's light.
