# ALABASTER SHOT LIGHT NO.1 LARGE

This Alabaster Wall Light is a stunning new addition to our Shot Light range. Featuring a beautifully smooth alabaster shade which contrasts perfectly with the hand-crafted caps.

These textured caps are a celebration of Collier Webb craftsmanship, the pattern has been hand sculpted in clay and then cast using the traditional lost-wax method.

The natural properties of alabaster give each piece a subtly unique look whilst the translucency of the mineral creates a subtle atmospheric light.

Shown here in Antique Brass and available in any of our other finishes and with a choice of end caps that can be selected from our Alabaster Shot Light No.1 range or standard Shot Light No.1 range.

This light is also available in Small and Medium sizes, see dimensions below and specification sheet for more details
