

## BORA BORA EXPERIENCE FOR LITTLE TRAVELLERS

### KIDS FUN

We always do our best to make sure our younger guests feel welcomed in our little piece of heaven. Even though we do not provide a kids club at the Resort, we are doing lots of things all around the day that meet the children expectations.

The providers we have selected for you are always delighted to welcome kids on their tour. Depending on how old they are, the children can enjoy most of them. Our Concierge team will be very happy to give you tailored advise.
