

LAGOON SCHOOL PROGRAM

<< A La Carte >>

If you are aged between 6-12 years old, enjoy snorkeling and are interested in learning about Tetiaroa's marine and terrestrial environment, then come and join one of our naturalist guides from Tetiaroa Society and become one of our ambassadors.

IN THE MORNING

The Amazing Coral Polyp

Time: 3h (9:00-12:00)

Available: Monday, Thursday and Sunday

While snorkeling, you will observe different species of coral and help our guides monitor the health of our reef. You will learn about coral, their biology and ecology, and how this fragile ecosystem is currently under threat.

Who's Who?

Time: 3h (9:00-12:00)

Available: Tuesday and Friday

While snorkeling, you will observe different species of fish, coral, crabs, sea cucumbers and algae. You will explore the feeding relationships and role of these animals in their natural environment which will help you to understand the importance of these interactions in a healthy coral reef ecosystem.

Corals and Humans

Time: 3h (9:00-12:00)

Available: Wednesday and Saturday

While snorkeling, you will observe Tetiaroa's marine life. You will use your observations to help create your own coral reef ecosystem. As a coral reef ambassador, your role is to come up with an action plan to help conserve our reefs, for future generations to come.

IN THE AFTERNOON

Life on an atoll : The Discovery Trail

Time :2h (14:00-16:00)

Availability : Monday to sunday

During a treasure hunt, discover the different aspects of the plants on the Tetiaroa atoll. Touch and smell will be useful senses for this activity. So, join one of the naturalist guides of Tetiaroa Society and leaves in the footsteps of the Polynesians.

Journey in the life of a Sea Turtle

Time: 2h (14:00-16:00)

**Availability : Monday to Sunday
(OCTOBER TO JUNE)**

Come on a journey with our guides from Tetiaroa Society to explore the life cycle of marine turtles from hatchlings to adults. Be an ambassador for our turtles and learn how you can make a difference and take action to help protect all seven species of marine turtles around the world.

Meet the Cetaceans

Time :2h (14:00-16:00)

**Availability: Monday to Sunday
(JUNE TO OCTOBER)**

It is an opportunity to discover the different species of cetaceans in Polynesian waters. The whales and dolphins that encircle Tetiaroa only ask to make themselves known then join one of the naturalist guides of Tetiaroa Society. So you will learn why whales come to visit us or why the dolphins jump and especially what we must do to protect our friends cetaceans.
