

iiPay is a market leader in cloud-based global payroll solutions and is the proud recipient of the Global Payroll Supplier of the Year Award in 2020. Their solutions have been implemented in more than 270 businesses spanning, in excess of 150 countries.

### Challenges & Vision

- Lack of multicurrency and multi-country reporting
- Limited profit/cost centre reporting and limited client analysis
- Reduce manual data entry and data manipulation
- Automate and standardise finance processes
- Retain Excel as the interface for certain employees
- Establish a single standardised cloud platform to facilitate agility and scalability

### Outcomes

- Shaved two working days from revenue reporting deadlines
- Reduced overall month end close by four days
- Minimised time to generate routine reports from fifteen minutes to seconds
- Automated revenue billing for all recurring payroll services
- Timely, scalable macro reporting to drive management decision making
- A scalable and agile platform to support international growth

### Client Testimonial

“The entire finance team were involved in this programme with individuals championing delivery of specific areas. I am grateful to the Clarivos team for their guidance, expertise and their friendly, collaborative and pragmatic approach. We continue to collaborate today as the iiPay group expands.”

**Harry Weaver - Financial Controller**

### Clarivos Highlight

“As a testament to the strength of relationship, and as a bi-product of the initial project, we have co-innovated to integrate the iiPay Cloud Payroll service with SAP Business ByDesign. We are now actively taking this joint value solution to the market.”

**Pablo Castagnini - Head of Digital Transformation**
