

## Acknowledging Council's contribution examples:

### Introduction:

Congratulations on receiving a Wellington Shire Council Grant!

It is really important to acknowledge Wellington Shire Council's contribution when planning and delivering your funded activity as it is a Funding Condition, and you will be required to support your Acquittal Report (final report) with evidence that you have done so.

You are asked to recognise Council's contribution through strong branding (Wellington /project Shire Council logo in club newsletters, signage, brochures, plaques etc.) and in all promotional material, media and social media opportunities (advertising, interviews, television advertisements, radio advertisements, interviews, newspaper articles, Facebook posts, Instagram uploads and all other marketing opportunities).

September 20, 2021 · Meerlieu

Well what a HUGE weekend that was!!

Thanks to everyone who assisted with the removal of the old boundary fence and installation of the new one.

The fence looks so good and we highly recommend [Polvin Fencing](#), they were extremely easy to deal with and their product was very easy to install.

A couple of thanks need to be said especially [Wellington Shire Council](#) for the \$5000 community facilities grant we received, the [Meerlieu Public Hall](#) committee for topping up the difference, [J&S Concreting](#) & [Riviera Concrete](#) for donating the concrete.

Once again thanks to everyone in the club and community who helped over the weekend , many hands make light work and that's certainly what we achieved.

Now we just need cricket to start on time so we can appreciate the fence first game against Orbost!

Also make sure you register by clicking the blue sign up button at the top of the page

# New look for Water sports and Safety centre

The Port Albert Water Sports and Safety Centre (PAWSSC) is looking great following the purchase of 65 new, matching, easy to clean, light weight chairs.

The purchase was made possible by the Wellington Shire Councils Community assistance grants, along with a co contribution from the Port Albert Coast Guard and the Port Albert Yacht Club.

Tarraville Home Designs generously provided their trailer to use to pick up the new chairs and bring them back to Port Albert.

If you are interested in holding an event in the PAWSSC please contact PAWSSC3971@gmail.com for booking details.

The Port Albert Water Sports and Safety Centre is looking good following the receipt of a Wellington Shire Grant which assisted the user groups to purchase new light weight chairs for the social rooms.

## Club Newsletter example:

### THE PORT ALBERT LIGHT GAME & SPORTS FISHING CLUB INC

The Club would like to thank the Wellington Shire Council's Quick Response Grant Scheme in granting us \$2000. This was for a split system reverse cycle air conditioner for our club room. Also a very big thank you to club members for their respective donations, that enabled the club to purchase this long overdue building improvement. This grant has come at a time when the club has needed it most. With Covid-19 and all its restrictions the club was not able to operate and in fairness to our members and sponsors all fees have been waived for the 2020/21 season. This has had an impact on the club financially. But we are still able to go fishing, weather permitting. New members (individual or family) are always welcome. Call Ian Blackmore (Blackie) 0429 998 799 for details.

Club President, Ian Blackmore (left), Club Treasurer, Daryl Mills (centre) and Club Secretary, Charles Ward (right), very happy with the new acquisition.

## Raffle ticket example:
