MARCAP
Marine Capabilities

FROM THE CEO'S DESK...

Dear Colleagues,

As we embark on 2019, we are witnessing activities ramping up in our turf, the United Arab Emirates and the Kingdom of Saudi Arabia. It will be very interesting,

and we are optimistic we will get a headway from all the prospects.

This year, we look back in awe as Marcap has been in operation for close to 40 years as we were incorporated since 1983! As fine wine matures, we know that the time is also ripe for us to plant our flags beyond the familiar shores of the UAE and KSA.

In addition, our HSE objective for 2019 is "Goal Zero", to target Zero for TRCF and LTIFR, simply "Zero Injury, Zero Incident and Zero Pollution". Everyone from Senior Management to the Crew have to be committed and will make a conscientious effort to incorporate HSE as a daily means of living.

In line with the objective, we have also started a series of safety video, with the first one on donning of Inflatable Life Jackets while on deck in offshore. It serves as a reminder to all that this is not an optional LSA but a compulsory seatbelt at sea!

I believe with our high standards in compliance to our esteemed client ADNOC and Saudi Aramco and our dedication to HSE, we will bring this same level of quality and standards into new geographic territories. I believe that Marcap will be the new shining beacon, as a formidable and exemplary ship owner and operator globally! People will have to start looking up!

**Yours truly,
Samer Qiblawi
CEO & President**

APPRECIATION FROM CLIENT

March 2019 was a month of recognition for Marcap as the AHT Marcap 202 and PSV Marcap Supporter received words of appreciation from client ADNOC Offshore for their respective performances.

On the 17th February 2019, the weather took a turn for the worst where Marcap 202 was then placed on standby in the field. Despite the weather condition, the crew were always on alert and carried on their responsibilities dutifully.

They were then able to respond promptly when instructions were given to assist a tug and barge set in distress.

Through clear directives, proper planning, communication and coordination, the crew of Marcap 202 performed the task safely and successfully.

On 19th of March 2019, ADNOC Offshore's Capt. Mohamed Salem Al Kaabi (Vice President Logistics), Mr. Salah Abdulla Al Ramahi (MAROPRT), Mr. Husain Saleh Al Hajeri (Team Leader HSE), Mr. Adam Ashly (Specialist Marine Interface Team) and Capt. Obeid (Rig Mover) were on board the Marcap 202 to present an award of appreciation to Capt. Henry Omaguing and his men for going above and beyond the call of duty.

Also present were Mr. Samer Qiblawi, CEO & President of Marcap and Mr. Abdallah Chehab, Director of Operations of Marcap to share this moment of pride with their crew.

Special word of thanks to the following crew of Marcap 202:

- * Capt. Henry Omaguing, Master
- * Jansen Naflalia, Chief Officer
- * Voropaiev Viacheslav, 2nd Officer
- * Muhamad Yusuf, Chief Engineer
- * Igor Zariichuk, 3rd Engineer
- * Junry Payosan, Bosun
- * Rayan Silan Aldovino, AB
- * Jose Martinez, AB
- * Bintang Mandala Sakti, AB
- * Rizaldy Caldo, Oiler
- * Amith Buddika, Oiler
- * Abdul Hadi Nasirudin, Cook

Similarly, Marcap Supporter received a note of appreciation from ADNOC.

On the 14th of March 2019, Marcap Supporter was enroute to the field much like any other day. However, the crew were alerted to a situation. They chose to immediately notify the Marine Controller and was instructed to be on standby at location until authorities arrive.

The crew constantly updated on their position and status as the authorities eventually arrived, and Marcap Supporter then proceeded to the field.

HSE is a culture and a way of life, and Marcap's crew are constantly educated and encouraged to integrate HSE into their daily living.

Word of appreciation to Capt. Volodymyr Ivashchenko and his men for choosing to make a difference when they have the option of doing otherwise. To our band of heroes, we salute you!

MARCAP UNVEILS NEXT GENERATION VESSEL

On the 30th of December 2018, Marcap's new DP2 Platform Supply Vessel "Marcap Supporter" went On-Hire as she commenced her 03 years charter with ADNOC Offshore.

Marcap Supporter is the latest addition to Marcap's fleet.

Similar to the year 2003 where there was a fleet revamp with the acquisition of newer and higher technological vessels, the company has started strategizing in 2018 for the next 15 years, as it prepares for the growth and challenges ahead.

Built in 2018, the KC design PSV stands out from most PSVs as she is 60m in length with deadweight of 1,721T. Unlike most PSVs of the 3,000 DWT and above category, the Marcap Supporter is unique and ideal for the operations in UAE waters, where the field is relatively closer in proximity to shore.

Propelled by 02 Azimuth Propellers and powered by 4,000 PS Niigata engines, this also relates to greater fuel efficiency for PSV of her class.

In addition, Marcap Supporter has generous cargo carrying capacity, and with deck area of 418 m² which is bigger than most OSVs in the 60m LOA category. Her additional features include recovery oil tanks, where the vessel has an option of upgrading to cover Oil Spill Recovery.

As a DP2 PSV, she is equipped with 04 reference systems, encompassing 02 DGPS, 01 CyScan, and 01 Radius. The Marcap Supporter is also able to accommodate 50 persons on board.

Always remember:

Even if it did not happen, it does not mean it will never happen. **Wear your PPE.** Do not take things for granted. Don't wait, identify any unsafe condition/act early, or you may live to regret the consequences.

WELCOME MARCAP SUPPORTER

Marcap's latest vessel, the DP-2 PSV "Marcap Supporter" arrived in Abu Dhabi on 09th December 2018 for her upcoming 03 years charter.

The Crewing Department and Crewing Welfare Department organised a welcome party to commemorate the arrival of the next-gen vessel.

In addition, Marcap's shore staff were also invited on board the Marcap Supporter for a vessel tour.

The tour was an eye opener for many as it showcased the technology on board the latest addition to Marcap's growing fleet.

RECREATION

The Social and Innovations Committee organised a “Bowling Day” for all Marcap employees on the 08th December 2018 at Zayed Sports City.

The event commenced at 1600hrs and showcased the hidden talents in Marcap.

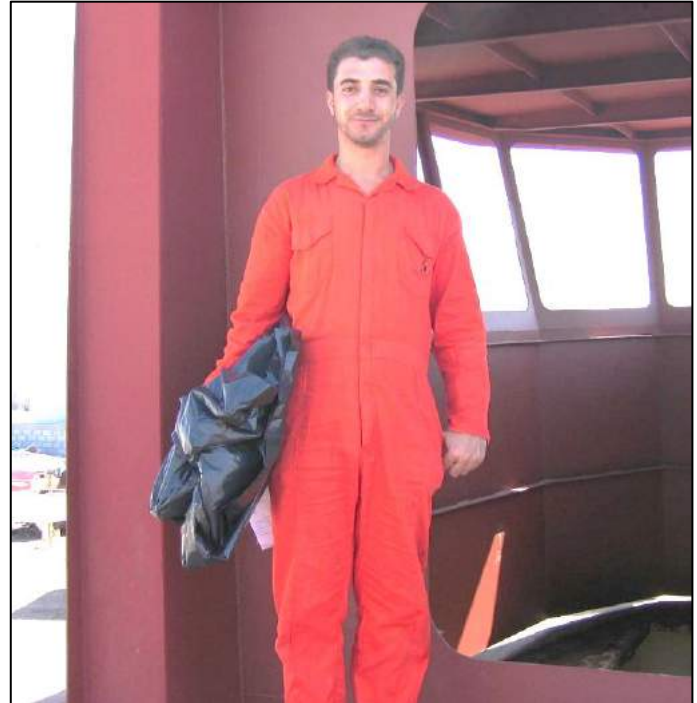

Away from the competitive at heart, there was another segment where the pace was relatively more relaxed as family members gathered together to join in the fun.

All in all, it was a day full of joy and laughter.
