Tasheena >> Dressing up for work is always nice, but when commuting in the wintertime, it's not safe and practical.

00:00:14:00 - 00:00:22:09

Tasheena >> I always wear my winter boots when I'm driving into work to ensure I have proper grip when driving, and then switching into my heels when I get into work.

Tasheena >> In my glove compartment I always have an extra set of chargers. You never know what can happen to you on the road, and having an extra set can definitely go a long way. So I always keep an extra set in my car, along with my power bank that's always fully charged.

Tasheena >> And last but not least would be WD-40. Because my car is an older car, I have to use it for my gas tank over there. Sometimes it freezes in the winter.
