

Early Years Framework

The Early Years Learning Framework is Australia's national framework for early childhood education.

The aim of the framework is to extend and enrich children's learning from birth to five years and through the transition to school.

The framework forms the foundation to ensure that children in all early childhood education and care settings experience quality teaching and learning. It emphasises play-based learning and recognises the importance of communication, language, social and emotional development.

For more information about the framework, please visit www.acecqa.gov.au

Wanslea is a leading provider of services to children and families in Western Australia.

Family Day Care

Childcare in the educator's home

What is Family Day Care?

Family Day Care is childcare provided in the educator's home. Wanslea Family Day Care emphasises relationships in small groups and a warm, nurturing, home-like environment, and is available for children of any age up to 12 years. The educator can care for children of different ages, so brothers and sisters can remain close.

Who looks after my child?

Educators are child-focused, with childcare training and qualifications. They enjoy engaging with children to build trust and provide experiences that support each individual child's strengths and interests.

What happens during the day?

Routines are flexible and often change according to the children's needs and interests. The educator is sensitive to the way your child settles in, and the home is set up daily with small group activities. If you have time, you are welcome to join in before you leave for the day.

**A warm, nurturing, home-like environment
for children of any age up to 12 years**

Can I claim Child Care Subsidy?

The Child Care Subsidy helps with the cost of approved child care for eligible families. The Australian Government pays it directly to your child care provider to reduce your fees. For more information and eligibility requirements, please visit www.humanservices.gov.au
