

JOIN WANSLEA AS A FAMILY DAY CARE EDUCATOR

Family Day Care

Family Day Care combines the benefits of other childcare options with the warmth and intimacy of care in an educator's home. The relaxed home environment creates an ideal setting for early childhood learning and development of warm, responsive, consistent and secure relationships, that are essential for early brain development.

Family Day Care offers flexible hours of care including full time, part time or casual. It can cater for families who are on call or work shifts, require before and after school care or school holiday care. Some educators choose to provide care on weekends and overnight.

Family Day Care is ideal for educators who enjoy, respect and understand children.

Educators play a crucial role in extending and enriching children's learning from birth to five years and through the transition to school.

Registration and membership

Wanslea Family Day Care is approved by the Australian Children's Education and Care Quality Authority to engage, register and support Family Day Care educators.

As the approved provider, Wanslea is responsible for selecting appropriate applicants who are suitable to care for children and have a strong desire to provide a high quality service. Each prospective educator must successfully complete Wanslea's registration and membership process prior to operating a Family Day Care business.

Operating your Family Day Care business

Educators are not employed by Wanslea. All Family Day Care educators are small business operators who are self-employed. As an educator, you decide what hours you wish to work and how much you will charge for your service.

Join a profession that provides the foundation for children's future learning and development
