

What is In Home Care?

In Home Care is a flexible form of early childhood education and care that provides care by an approved educator in the child's own home.

Each child is given care that is safe, nurturing, stimulating and builds upon their individual needs and interests.

We aim to meet the needs of any family, complementing and being sensitive to their values, beliefs and responsibilities. An essential part of our work is to form partnerships with families and strong networks with the wider community.

Children are unique individuals and should be allowed to progress at their own pace. The In Home Care curriculum is based on each child's individual needs interests and abilities.

Wanslea is a leading provider of services for children and families in Western Australia.

*Join Wanslea as an
In Home Care Educator*

Registration and membership

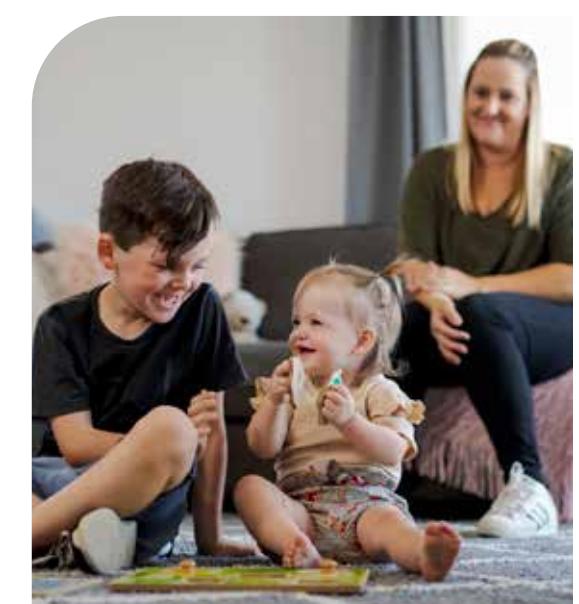

As the approved provider, Wanslea is responsible for selecting appropriate applicants who are suitable to care for children and have a strong desire to provide a high quality service. Each prospective educator must successfully complete Wanslea's registration and membership process prior to operating an In Home Care business.

Operating your In Home Care business

Educators are not employed by Wanslea. All In Home Care educators are small business operators who are self-employed. As an educator, you decide what hours you wish to work and how much you will charge for your service.
