Blockchain Holdings Ltd.

Notes to the Condensed Consolidated Interim Financial Statements
For the three and six months ended June 30, 2018
(Expressed in United States dollars)

1. CORPORATE INFORMATION

Blockchain Holdings Ltd. (formerly Khot Infrastructure Holdings Ltd.) [the “Company”] is listed on the Canadian Securities Exchange (the “CSE”) under the symbol “KOT”. The Company is currently proposing a change of business to develop broad-based indexing products and blockchain tracking.

The registered office of the Company is Sea Meadow House, Blackburne Highway, PO Box 116, Road Town, Tortola, British Virgin Islands.

2. BASIS OF PREPARATION

(a) Statement of compliance

These Financial Statements, including comparatives, have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and in accordance with International Accounting Standards (“IAS”) 34, Interim Financial Reporting. The Financial Statements have been prepared on a historical cost basis, except for financial instruments classified as financial instruments at fair value through profit and loss, which are stated at their fair value. In addition, these Financial Statements have been prepared using the accrual basis of accounting except for cash flow information.

Certain comparative figures have been reclassified to conform to the restated financial statement presentation for the current period. Since the unaudited Financial Statements do not include all disclosures required by IFRS for annual consolidated financial statements, they should be read in conjunction with the Company’s audited annual consolidated financial statements for the year ended December 31, 2017.

The policies set out were consistently applied to all the periods presented unless otherwise noted below. The preparation of condensed interim consolidated financial statements in accordance with IAS 1 requires the use of certain critical accounting estimates, judgments, and assumptions that affect the application of policies and reported amounts of assets and liabilities, profit and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

These Financial Statements were authorized for issue by the Board of Directors on August 29, 2018 and have been prepared under the historical cost convention, except for certain financial instruments. The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and further periods if the review affects both current and future periods.

Certain comparative figures have been reflected to conform to the restated financial statement presentation for the current period.

2. BASIS OF PREPARATION (continued)

(b) Going concern

The assessment of the Company's ability to continue as a going concern and ability to fund potential projects, involves significant judgements based on historical experience and other factors including expectation of future events that are believed to be reasonable under the circumstances.

The Company's business involves a high degree of risk and there can be no assurance that current development activity will ultimately result in profitable operations. The Company's continued existence is dependent upon its ability to secure future customers and the achievement of profitable operations, or the ability of the Company to raise additional financing.

3. STANDARDS, AMENDMENTS AND INTERPRETATIONS

Certain pronouncements were issued by the IASB or the IFRS Interpretations Committee that are mandatory for annual periods beginning after January 1, 2018, or later periods.

The following new IFRSs will not have a material effect on the Company's future results and financial position.

- IFRS 9 *Financial Instruments (New; to replace IAS 39, IFRIC 9 and earlier versions of IFRS 9);*
- IFRS 15 *Revenue from Contracts with Customers (New; to replace IAS 11, IAS 18, IFRIC 13, IFRIC 15, IFRIC 18 and SIC 31); and*
- IFRS 16 *Leases (New, to replace IAS 17, IFRIC 4, SIC 15 and SIC 27).*

Other accounting standards or amendments to existing accounting standards that have been issued but have future dates are either not applicable or are not expected to have a significant impact on the Company's financial statements.

Balance, June 30, 2018	<u>496,488</u>

During the period ended June 30, 2018, the Company received short-term advances of \$16,054 (2017 - \$417,297). The Company also recorded loans of \$16,483 for consulting services provided. During the period ended June 30, 2018, the Company accrued interest of \$17,840 (2017 - \$11,550). The notes bear interest of 8% per annum, which is calculated and payable semiannually. The term of the loans is one year. During the period, the convertible portion of all previous loans outstanding was extinguished and therefore the equity portion of the loans of \$30,267 (2017 – \$44,837) recognized in the prior year was accreted back to the loan balance. The Company therefore recognized accretion expense of \$30,267 (2017 - \$14,315).

7. ROAD REPAIR PROVISION (continued)

Road repair obligations were recognized in a previous year from when the Company was engaged in the construction and maintenance of roads and bridges in Mongolia.

The Company has not received any correspondence from the Mongolian government regarding repairs to be made to the road. On April 24, 2018, the Company sold its share of the Mongolian subsidiary Ashid Munkhiin Zam LLC for \$1. The investment in the subsidiary was previously written down to \$nil.

Consequently, the Company removed the non-controlling interest from the Statements of Financial Position and the road repair provision from the Statement of Financial Position.

8. SHARE CAPITAL

Authorized share capital

The authorized capital of the company consists of unlimited common shares without par value.

Issued share capital

On May 11, 2018, the Company completed a 10:1 share consolidation of its issued and outstanding common shares. The effects of the share consolidation have been applied on a retroactive basis.

On April 17, 2018, the Company completed a private placement of 5,000,000 shares for proceeds of \$392,680 at a price of \$0.078 per share.

Stock options

As at June 30, 2018, there were 82,500 options outstanding with a weighted average life and weighted average exercise price of 297 days and \$2.42, respectively.

In addition, the Company reached an agreement with its lenders to repay CAD\$628,305 of short-term loans and accrued interest by the issuance of 6,283,047 common shares at a price of \$0.10 per share.

9. RELATED PARTY TRANSACTIONS

DESCRIPTION OF BUSINESS

Blockchain Holdings Ltd., (formerly Khot Infrastructure Holdings, Ltd.) [the “Company”] was engaged in the construction and maintenance of roads and bridges in Mongolia.

On December 18, 2013, Undur Tolgoi Minerals Inc. completed the continuance from the laws of the Province of British Columbia to the laws of the British Virgin Islands. Effective on January 7, 2014, the Company changed its name from Undur Tolgoi Minerals Inc. to Khot Infrastructure Holdings, Ltd. to have its name reflect the Company’s new focus on cash generating, non-resource infrastructure projects within Mongolia.

The Company’s common shares are listed and posted for trading on the Canadian Securities Exchange (the “CSE”) under the symbol “KOT”; however, on May 5, 2017, the Company’s common shares were suspended from trading by the CSE and a cease trade order was issued against the Company by the Ontario Securities Commission for failure to file annual audited financial statements and accompanying management’s discussion and analysis and CEO and CFO certifications.

On February 2, 2018, the cease trade order was revoked. The Company has proposed a change of business to develop broad-based indexing products and blockchain tracking metrics and is currently proceeding with a re-listing application with the CSE.

The registered office of the Company is Sea Meadow House, Blackburne Highway, PO Box 116, Road Town, Tortola, British Virgin Islands.

Blockchain Holdings Ltd. has a 100% interest in Jucca Holdings Limited [“Jucca”], Wishland Properties Limited [“Wishland”] and Great Hoard Holdings S. à r. l. [“GHH”].

OVERALL OBJECTIVE

The Company’s strategic focus on Infrastructure in Mongolia has been severely impacted by negative in-country geo political events. The government’s inability to finance critically needed projects is not likely to change in the foreseeable future. Consequently, The Company’s management has decided to discontinue all operations in Mongolia. The Company’s Management and Directors have received shareholder approval to develop broad-based indexing products and blockchain tracking metrics.

MANAGEMENT DISCUSSION AND ANALYSIS
SIX MONTHS ENDED JUNE 30, 2018**

Finance fees for the three months ended June 30, 2018 increased compared to the same period in 2017 due to imputed interest on long term debt.

General and Administrative and Other expense slightly increased for the three months ended June 30, 2018 compared to the same period in 2017. The increase is due to the Company's activity related to AGM preparation and the re-listing application with the CSE.

Overall expenses increased for the three months ended June 30, 2018 compared to the period in 2017 due to an increase in legal fees related to AGM preparation and re-listing application with the CSE, the start of development costs for the blockchain index products and new management fee expenses for a new CEO and Directors.

LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2018, the Company had a working capital deficit of \$486,986 [June 30, 2017 - \$736,436]. All of the current accounts payable and accrued liabilities, current loan and interest payable are due and payable within 12 months. The Company will need to raise additional funding in the next 12 months to be able to meet its current obligations.

The Company's working capital amounts are as follows:

	June 30, 2018	June 30, 2017
	\$	\$
Cash	195,949	35,229
Accounts receivable	8,050	-
Prepayments	48,356	12,196
Accounts payable and accrued liabilities	(242,853)	(473,990)
Loan and interest payable	(496,488)	(16,397)
Road repair provision	(\$Nil)	(293,474)
	(486,986)	(736,436)

The Company, which was involved in early stage infrastructure development and planning to change its business to developing broad-based indexing products and blockchain tracking metrics, had revenues of \$Nil in Q2 2018. Until the Company is able to secure sufficient revenue, the Company must utilize its current cash reserves and other financing transactions to maintain its capacity to meet working capital requirements. The Company anticipates going to the market to raise capital when the opportunity arises.

During the three months ended June 30, 2018, the Company expended \$27,137 (June 30, 2017 – increased \$22,449) cash on operating and finance activities.

NAME CHANGE, SHARE CONSOLIDATION AND DEBT SETTLEMENT

On April 9, 2018, the Company's management and directors were provided with approval by the shareholders at the annual general and special meeting of shareholders to change the Company's name to Blockchain Holdings Ltd., change from the business of transportation infrastructure development to developing proprietary indexes and ancillary data products for emerging blockchain and digital currency markets and conduct a share consolidation on the basis of one (1) post-Consolidated common shares for every ten (10) pre-Consolidated common share.

On April 17, 2018, the Company completed its non-brokered private placement of subscription receipts for gross proceeds of CAD\$500,000 at a price of CAD\$0.10 per Receipt (after the completion of a 10:1 share consolidation). The proceeds of the Private Placement will be held in escrow pending completion of the share consolidation transaction and each Receipt will automatically convert into common shares.

In addition, the Company reached agreement with its lenders to repay CAD\$628,305 in debt by the issuance of 6,283,047 common shares at a price of \$0.10 per share (after the completion of a 10:1 share consolidation).

The name change was completed on April 25, 2018 and the 10:1 share consolidation was completed on May 11, 2018.

OFF-BALANCE SHEET ARRANGEMENTS

The Company has not engaged in any off-balance sheet arrangements such as: obligations under guarantee contracts, a retained or contingent interest in assets transferred to an unconsolidated entity, any obligation under derivative instruments or any obligation under a material variable interest in an unconsolidated entity that provides financing, liquidity, market risk or credit risk support to the Company or that engages in leasing, hedging or research and development services with the Company.

PROPOSED TRANSACTIONS

As is typical of the infrastructure development industry, the Company is continually reviewing potential merger, acquisition, investment and joint venture transactions and opportunities that could enhance shareholder value. Currently, there are no material transactions being pursued or negotiated by the Group that is not otherwise disclosed herein.

GOING CONCERN

The assessment of the Company's ability to continue as a going concern and ability to fund potential infrastructure construction contracts, involves significant judgments based on historical experience and other factors including expectation of future events that are believed to be reasonable under the circumstances.

The Company's business involves a high degree of risk and there can be no assurance that current development activity will ultimately result in profitable operations. The Company's continued existence is dependent upon its ability to secure future customers and the achievement of profitable operations, or the ability of the Company to raise additional financing.

These consolidated financial statements have been prepared on a basis which assumes the Company will continue to operate for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of operations. In assessing whether this assumption is appropriate, management takes into account all available information about the future, which is at least, but not limited to, twelve months from the end of the reporting period. This assessment is based upon planned actions that may or may not occur for a number of reasons including the Company's own resources and external market conditions.

The Company will require additional financing, through various means including but not limited to equity financing, to continue to pursue the development of indexing products and blockchain tracking metrics, and to meet its general and administrative costs. There is no assurance that the Company will be successful in raising the additional required funds. These conditions represent a material uncertainty that may cast significant doubt regarding the Company's ability to continue as a going concern. In the event that Company is not able to secure additional financing and continue as a going concern, material adjustments would be required to the carrying value of assets and liabilities and the balance sheet classification used.

The Company has had a history of losses and has accumulated a \$10,470,984 deficit as at June 30, 2018 and has a working capital deficiency of \$486,986 (June 30, 2017 - \$736,436), including \$195,949 (June 30, 2017 - \$35,229) in cash and cash equivalents. As at June 30, 2018, the Company had abandoned its infrastructure activities in Mongolia and has proposed a change of business to develop broad-base indexing products and blockchain tracking metrics.

RELATED PARTY TRANSACTIONS

As at June 30, 2018, \$77,798 (2017 - \$79,812) was due to Mr. Padgett. On December 31, 2017, the Company renegotiated the terms of an original amount of \$74,298 of indebtedness such that the first repayment date is after June 30, 2019. The loan is unsecured and non-interest bearing. The remaining \$3,500 of indebtedness represent accrued Director fees for June.

Management fees include \$10,500 (2017 - \$Nil) paid or accrued to Mr. Jeremy Gardner, for duties as a Director. Mr. Gardner is compensated \$3,500 per month as a Director for the Company. As at June 30, 2018, \$3,500 (2017 - \$Nil) was due to Mr. Gardner.

Management fees include \$10,500 (2017 - \$Nil) paid or accrued to Mr. Gregory Kallinikos for duties as a Director. Mr. Kallinikos is compensated \$3,500 per month as a Director for the Company. As at June 30, 2018, \$3,500 (2017 - \$Nil) was due to Mr. Kallinikos.

Management fees include \$23,099 (2017 - \$Nil) paid or accrued to Mr. Wayne Lloyd, for duties as the Company's Chief Executive Officer from April to June 2018. Mr. Lloyd is compensated \$5,000 per month as the Chief Executive Officer. As at June 30, 2018, \$7,617 (2017 - \$Nil) was due to Mr. Lloyd.

Professional fees include \$32,655 (2017 - \$Nil) paid to the Company's Chief Financial Officer.

Consulting and advisory fees include \$Nil (2017 - \$9,066). As at June 30, 2018, an amount of \$35,072 was payable (2017 - \$75,220) to a former director of the Company for consulting fees. During the period ended June 30, 2018, the Company recognized an expense recovery relating to a portion of the payable amount for \$40,148, which was forgiven by the former director.

On June 30, 2017, James Passin, one of the directors, signed a loan agreement with the Company to convert some existing related party loan balances to short term loan debt and also provided additional loan proceeds. On October 1, 2017, the loan agreement was renegotiated to include all the remaining related party loan balances, which totaled \$29,718 and also provide \$105,539 in new loan proceeds. The term of the loan is for one year, maturing June 30, 2018 and accrue interest at 8%.

All related party transactions were within the normal course of operations and have been recorded at amounts agreed to by the transacting parties.

FINANCIAL INSTRUMENTS

The Company's financial instruments consist of cash, accounts payable and accrued liabilities and due to related parties. Given their short-term nature, the fair value of these instruments approximates their carrying value. It is management's opinion that the Company is not exposed to significant credit risks arising from these financial instruments.

Risk management

The Company's activities expose it to a variety of risks including interest rate risk, credit risk, liquidity risk and commodity price risk. Reflecting the current stage of development of the Company's various projects, the Company's overall risk management program focuses on facilitating the Company's ability to continue as a going concern and seeks to minimize potential adverse effects on the Company's ability to execute its change of business plan. Risk management is the responsibility of the finance function. Material risks are identified and monitored and are discussed by senior management and with the Audit Committee and the Board of Directors.

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company's exposure to market risk for changes in interest rates relates primarily to the Company's fixed rate current accounts in the bank and borrowings. As of the reporting date, the Company has not adopted sensitivity analysis to measure interest rate risk due principally to the fact that the Company has no floating rate financial assets and liabilities.

Credit risk

Credit risk refers to the potential loss arising from any failure by counterparties to fulfill their obligations, as and when they fall due. It is inherent to the business as potential losses may arise due to the failure of its customers and counterparties to fulfill their obligations on maturity periods or due to adverse market conditions. The Company's financial assets exposed to credit risk are primarily composed of cash. Maximum exposure is equal to the carrying values of these assets. The Company's cash is held at several large financial institutions.

None of the Company's financial assets are secured by collateral or other credit enhancements.

Liquidity risk

Liquidity risk encompasses the risk that the Company cannot meet its financial obligations. The Company actively manages its operating cash flows and the availability of funding so as to ensure that all repayment and funding needs are met. As part of its overall prudent liquidity management, the Company maintains sufficient levels of cash and cash equivalents to meet its working capital requirements. At June 30, 2018, the Company had a working capital deficit. The Company will need to raise additional funding in the next 12 months to be able to meet its current obligations.

Foreign exchange risk

During the period the Company subsidiary operations various jurisdiction where many of its transactions are denominated in other currencies. Accordingly, the results of operations and financial position of the Company are subject to changes in the exchange rate between the US dollar ("USD") and the other currencies.

The Company is listed on a Canadian stock exchange and incurs annual transactions in Canadian dollars to maintain its listing.

The Company's policy is to manage its foreign financial assets and liabilities using the best available foreign currency exchange rates.

The Company's management has decided to discontinue all operations in Mongolia. Due to the minimal activity of the Company and its subsidiaries, foreign exchange risk is believed to be limited.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preparation of the Consolidated Financial Statements requires management to make estimates and assumptions about the future that affect the amounts recorded in the Consolidated Financial Statements and accompanying notes. These estimates and assumptions are based on the Company's experience and Management's expectations about future events that are believed to be reasonable under the circumstances, and they are continually being evaluated based on the new facts and experience. Actual results may differ from these estimates and assumptions. The effect of a change in accounting estimate is recognized prospectively in the period of change and future periods if the change impacts both periods.

The Company's significant accounting policies and estimates are fully described in Note 3 to the consolidated financial statements for the year ended December 31, 2017.

BOARD PURPOSE AND FUNCTION

The directors and management of the parent company have extensive experience operating and taking projects through to various stages of exploration and development. There is a balanced representation of directors with operational, corporate and financial backgrounds.

The board's purpose is to ensure corporate governance, risk, strategy and shareholder interests are priorities at all times. At the end of the period the board consisted of five members.

RISK FACTORS

The following risk factors, and the information incorporated by reference herein, should be considered carefully. These risk factors could materially and adversely affect the Company's future operating results and could cause actual events to differ materially from those described in forward-looking statements relating to the Company.

Dependence on Key Personnel, Contractors and Service Providers

Shareholders of our Company rely on the good faith, experience and judgment of the Company's management, contractors and service providers in supervising and providing for the effective management of the business and the operations of the Company and in selecting and developing new investment and expansion opportunities. The Company may need to recruit additional qualified contractors and service providers to supplement existing management. The Company will be dependent on a relatively small number of key persons, the loss of any one of whom could have an adverse effect on the Company.

**BLOCKCHAIN HOLDINGS LTD.
MANAGEMENT DISCUSSION AND ANALYSIS
SIX MONTHS ENDED JUNE 30, 2018**

Value of Our Common Shares

The value of the Company's common shares could be subject to significant fluctuations in response to variations in quarterly and annual operating results, the success of the Company's business strategy, competition or other applicable regulations which may affect the business of the Company and other factors.

Additional Funding and Financing Risk

Additional funds will be required for future exploration and development. There is no assurance that sufficient equity financing will be available at reasonable terms to the Company. In addition, any future equity financings by the Company may result in substantial dilution for existing shareholders.

Conflicts of Interest

Certain Directors of the Company also serve as Directors of other companies involved in mineral resource exploration, development and production. Consequently, there exists the possibility that such Directors will be in a position of conflict of interest. Any decision made by such Directors involving the Company are made in accordance with their duties and obligations to deal fairly and in good faith with the Company and such other companies. In addition, such Directors will declare, and refrain from voting on, any matter in which such Directors may have a material conflict of interest.

Regulatory Matters

The Company's business is subject to various federal, provincial and local laws governing prospecting and development, taxes, labor standards and occupational health, mine safety, toxic substances, environmental protection and other matters. Construction and infrastructure development are also subject to various federal, provincial and local laws and regulations relating to the protection of the environment. A violation of these laws may result in the imposition of substantial fines and other penalties.

Litigation risk

Disputes are common in the construction industry and as such, in the normal course of business, the Company may be involved in various legal actions and proceedings which arise from time to time, some of which may be substantial. However, there is no assurance that the Company's insurance arrangements will be sufficient to cover claims that may arise in the future. Furthermore, the Company may be subject to the risk of claims and legal actions for various contractual matters, primarily arising from construction disputes, in respect of which insurance is not available.

Insufficient revenues

As of the date of this MD&A, the Company did not have sufficient revenues to cover its operating costs. All of the Company's short to medium-term operating and project expenses must be derived from its existing cash position or from external financing.

New business venture

As of the date of this MD&A, the Company has abandoned its infrastructure activities in Mongolia and has begun to change its business to the development of broad-based indexing products and blockchain tracking metrics and is currently proceeding with a re-listing application with the CSE. There is no assurance that the Company will be successful in transitioning to the new business venture, be successful in the CSE re-listing process and eventually become profitable.

Potentially dilutive loans from related parties

As of the date of this MD&A, the Company has signed loan agreements and debt settlement agreements with individual investors and related parties to raise cash to continue to fund operations.

STRATEGY AND OUTLOOK

The Company's remains committed to the creation of shareholder value. The directors and management have a wide entrepreneurial network which can provide a range of future opportunities. The focus will be on projects and sectors that attract investor interest and offer significant growth potential.
