ABOUT JUSTICE DEFENDERS

From Uganda to the United States, we are living amidst a global justice crisis. The lack of access to justice impacts 5.1 billion people worldwide, affecting families, communities, and society at large. Three million men, women and children are being held in overcrowded prisons without a trial. Countless voices are lost in the noise.

Founded in 2007 as the African Prisons Project, Justice Defenders is an organisation and movement from all walks of life: prisoners, prison officers, lawyers, judges, and allies. Over the past 13 years, Justice Defenders has leveraged its success to build committed relationships with influential international organisations and individuals and relies on a network of connected and generous donors. Justice Defenders is a registered UK charity and U.S. nonprofit with a global team currently based in the UK, Kenya, Uganda, Gambia, Italy, and the USA.

The organisational culture is shaped by the core values of bravery, humility, and solidarity. These influence the thinking and daily behaviour and are used routinely in decision making, priority setting, and implementation of all aspects of the organisation's work.
