COURSE OUTLINE

Do your basic oral surgery skills need updating? Have you become tentative making that initial incision?

This is a hands-on course that will include the following procedures:

- Flap design
- Bone removal
- Surgical removal of a tooth
- Suturing
- Biopsy

This course will be conducted using pig heads.

ABOUT THE PRESENTER

Presenters will include oral and maxillofacial surgeons:

- Dr David Booth
- Dr Carolyn Stulner
- Dr Mario Alberghini
- Dr Sophie Mougos
- Dr Magdalen Foo
- Dr Lee Kaing
- Dr Frank Chang

Update your basic oral surgery skills.
