### **VERSE 1:**

You hear me before I know what to say  
You see me when I crawl to distant places  
You know me; even shadows in the dark  
Can't hide from who You are  
You'll have Your way

### **CHORUS:**

I'm done running  
Chasing after lesser things  
I'm done fighting  
For my old familiar ways  
May the only place I run  
Be back to where my heart belongs  
I'm done running  
I'm done running

### **VERSE 2:**

I'm sinking down into the loving hands of God  
Where no guilt is found  
And the weight of fear has fallen  
I'm letting go of the need to be my own  
I am Yours and Yours alone, have Your way

### **BRIDGE:**

I hear heaven rejoicing as just one returns  
As You bring me back to the place I belong  
No matter the distance no matter how far  
Your hand pulls me back to the place I belong  
You are my freedom, my God and my Father  
You show me the depths of how far You have gone  
To tell me I'm chosen, I'm called out and wanted  
I'm running back to the place I belong

---

**CHORUS 2:**

I come running  
I come running  
I come running  
I come running
