CHORUS:

Now now Lord, You don't have to move that mountain
But give me the strength to climb
Lord God almighty don't You take away the stumbling blocks
But lead me all around

_to CHORUS

VERSE 1:

The way may not be easy
Lord You did not, You didn't say that it would be
For when our tribulations get a little too light and easy
We tend to stray away from Thee

_to CHORUS

VERSE 2:

All of our cares, we bring before You
You told us Lord, that we could
Oh yes and You're faithful, You promised You would help us in our need
And we believe You always would

_to CHORUS
