## client testimonials

What an amazing trainer, coach, mentor and overall person Betsy is. She is perceptive, extremely smart and her technique for helping you grow as a leader is so pleasant. When I started working with her, I thought that I was such a great leader. I realized pretty quickly that my skills in that area could be so much better and developed so much more. My professional relationship and affiliation with her have lasted many years and thru many organizations. Whether it was The Ritz Carlton Hotel Group, West Paces Hotels, Henry Ford Hospitals or Northwell Health, Betsy has always been a refreshing "go to" person for all needs: as related to talent selection, team building and overall coaching. There is no doubt in my mind that wanting to be the best means you have to surround yourself with the best people to attain those goals; and there is no one better than Betsy.

Betsy made my 360 feedback and coaching opportunity a positive experience. She listened to me and asked great questions. 360 feedback is not always comfortable, but she made this experience very comfortable and a safe place to go through the areas I need to grow and develop in. Also, I was very impressed how she was able to do this all virtually, and still build a great connection with me, my goals, and my development plan. Thank you to Betsy for being a part of my journey, and thank you for supporting my development that will take me on a better path into the future.
