CHAPTER 1: BACKGROUND

1.

Seeking solace from his dark past, Wolverinu undergoes program X, a painful procedure of binding his bones to adamantium and making him virtually indestructible. As a result of this gruesome procedure, Wolverinu prevails to become the strongest of the blockchain heroes.

2.

Our hero takes a vow to use his superhuman powers to save humanity from his evil brother, Victor. To overthrow his own blood, he must take over the Ethereum network.

3.

Wolverinu has been tarnished his entire life: 5 steps forward was always met with 10 steps back. Nevertheless, his quick regenerative properties allow him to bounce back from every dip or pitfall.

4.

Our Mutated warrior is scarred from his past. Humanity can be cruel and evil, but blood never tasted any better. Fueled by anger, Wolverinu will rule Ethereum alongside his following of 5000 free souls. Liberated by economic discord, unity is found in outliers. Wolverinu is free to dominate the ERC20 Network.

CHAPTER 2: INTRODUCTION

1. *Wolverinu was born into chaos. He was but a fleeting thought in a daydream where his brother had forced him into a locked 6 month battle.*

2. *A childhood in the shadows has taught our brave hero to move in silence. Therefore, he has launched himself in stealth to engage others to aid him in his battle against the errors of the world.*

3. *A broken playground has earned its rights to pay back its community. Wolverinu brings a fun game to the community to reward their undying loyalty. A mess of a life has been overcome with indomitable belief.*

4. *Dubbed the guardian of the Inu galaxy, Wolverinu calls on his community to aid him in his conquest: Conquering the Ethereum world to rise above Victor.*

5. *A lone Wolves has now become a team of exonerated men and women... or should we say, X-Inus. Powerful influence and call to action have created an undeniable force.*

A force that will become the leader of the crypto world....

CHAPTER 3: VISION

1. *Once Wolverinu let members into his community, the X-men grew. It quickly became evident that the Wolverinu community is indestructible and unstoppable. Records were broken and bones will be broken if you get in the way...*

2. *The community is relentless, like a wolf in the wild, where the only focus is to EAT. The pack protects one another, which makes them stronger as a family. Growth is inevitable. Dips are appetizing, and the pack is ALWAYS hungry.*

CHAPTER 4: VALUES

Blood, sweat, and tears never tasted any sweeter. A team's transparency reflects on its community's loyalty.

Milestone after milestone has been met with Wolverinu slashing past every obstacle. All the while, rigorous community engagement has been maintained.

A leader leads by example. Therefore, our hero has renounced ownership of the contract, locked liquidity for a minimum of 6 months, and burned tokens at every triumph.

The Wolverinu pack has delivered on promises time and time again.

Announcing our P2E game:

The game will be called: X-INU

The developer of said game will be the one and only @ParadoxDesigner, Shiba Inu's very own logo designer.

CHAPTER 6: NFT

With our professional full-time artists and Shiba Inu's logo designer on the team, we will be creating high-quality, art gallery-worthy NFT's. Our NFT's will be usable in the Wolverinu play-to-earn game as playable characters. Wolverinu's unique 1 of 1 NFT's will come with the original physical art piece, which will be sent to the buyer.

CHAPTER 7: GAME

The Wolverinu game is a classic Mortal Kombat style, one on one battle game, where players will fight each other to the death and win Wolverinu tokens as rewards. Players can trade their rewards for new NFT characters which will be playable within the game.
