

Magis

3 days of design / Copenhagen 2022

This is our first participation to 3 Days of Design.

3 Days of Design marks the first appointment in the year to meet our clients.

Costume, the modular sofa system designed by Stefan Diez, represents the center-piece of the lounge area.

Costume is conceived from our idea of completely rethinking the sofa in the spirit of the circular economy.

Sustainability, comfort and versatility are the key points of Costume.

The living area includes Brut table and bench paired with some of our iconic chairs and a selection of stools, a very important product category to us both for residential and contract markets.

Me Too products complete our display.
