

OIL-FREE HYDRATING FLUID

Hours of moisture without oil

For Oily to Normal & Sensitive Skin

SKIN CONDITIONS	Oily Normal Sensitive
SKIN SYSTEM	Oil-Free Skin Balancing System Visibly Clear Precision Skin Care for Acne-Prone Skin Ultra-Gentle Sensitive Skin System
ACTIONS	<ul style="list-style-type: none"> • Helps “reprogram” skin to hold more moisture • Targets moisture at a cellular level - where it’s needed most • Hydrates instantly without oil • Lightweight - won’t clog pores • Protects, refines and smoothes in seconds
DESCRIPTION	<p>Light, sheer surface-refining fluid sends water-filled <i>MoistureZomes</i> deep into skin, farther than water can penetrate on its own. Delivers continual bursts of moisture that lasts for hours. Keeps skin comfortably moist all day or all night.</p> <p>For an additional moisture boost, hydrating Herbs and <i>Dexpanthenol</i> fortify this ultra-light lotion. <i>Dexpanthenol</i> is the chirally correct form of provitamin B5, is present in all living cells, and is essential for the manufacture of lipids and proteins (two biochemical groups that form skin). <i>Dexpanthenol</i> also acts as a super-moisturizer, rehydrating at a cellular level. And to complete the moisturizing process, <i>Sodium Hyaluronate</i> recharges skin’s moisture levels by binding 1000 times its weight in water to the skin’s surface, restoring comfort in seconds.</p> <p>Ultra-sheer barrier protectors instantly smooth even the roughest complexion, refining texture and matting shine for hours. Delivers hours of hydration without clogging pores.</p> <p><i>Dermatologist-tested.</i></p> <p><i>Does not contain fragrance, mineral oil, lanolin, alcohol, color, or parabens. Won’t clog pores.</i></p>
ACTION INGREDIENTS	<p>MoistureZomes moisture-filled liposomes, delivers continual bursts of time-released moisture</p> <p>Dexpanthenol chirally correct provitamin B5; remoisturizes at a cellular level</p> <p>Sodium Hyaluronate super-hydrator, bonds 1000 times its weight in moisture for instant comfort</p> <p>Dimethicone protects, smoothes and softens without oil</p>
FRAGRANCE	None
pH	5.4
SOLUBILITY	Water-based emulsion
COMPLETE INGREDIENT DISCLOSURE	<p>water/EAU (base), octyldodecanol (emollient emulsifier), cetyl ethylhexanoate (emollient emulsifier), glycerin (hydrating), panthenol (hydrating), sodium hyaluronate (hydrating), malva sylvestris (mallow) flower/leaf/stem extract (soothing), hedera helix (ivy) leaf/stem extract (stimulating), cucumis sativus (cucumber) fruit extract (hydrating), sambucus nigra flower extract (invigorating), arnica montana flower extract (soothing), parietaria officinalis extract (hydrating), butylene glycol (hydrating), phospholipids (liposomal shell), cyclopentasiloxane (evaporative silicone), dimethicone (breathable barrier), hydroxypropyl methylcellulose (emulsion stabilizer), hydroxyethyl acrylate/sodium acryloyldimethyl taurate copolymer (emulsion stabilizer), squalane (moisturizing lipid), polysorbate 60 (mild emulsifier), caprylhydroxamic acid (antimicrobial preservative), laureth-4 (mild emulsifier), polysorbate 80 (mild emulsifier), acrylates/C10-30 alkyl acrylate crosspolymer (emulsion stabilizer), potassium hydroxide (pH adjuster), methylpropanediol (antimicrobial preservative), ethylhexylglycerin (skin conditioner), phytic acid (chelator).</p>
DIRECTIONS	<p>Home Care Gently massage moderate amount of lotion over freshly washed skin. To reduce friction and help prevent redness that can occur during application, warm a dime-size amount of fluid between your fingertips and lightly pat and press into the skin.</p> <p>Facial Procedure At end of facial, after applying complex or finishing gel, massage a small amount of fluid over the face, throat and upper chest areas. Follow with sunscreen.</p>
