# *Goolugatup Invitational*

Inez Edwards, Chantal Magor, Cedar Rankin Cheek, Harrison Riekie, Megan Shaw, Kat Wilson-Smith

Goolugatup Invitational 2021 features the leading artists graduating from higher education in Western Australia last year. Together they represent the cutting-edge of new cultures of sculpture, performance, installation, and painting.

Since 2015, this annual program has provided early-career artists vital experience in a professional exhibitory context and access to wide audiences. It affords graduates an opportunity to develop their practice beyond the constraints of the educational framework, and provides viewers insight into emerging art cultures.
