Hoss's Family Steak & Sea

## Overview

Hoss's is a Pennsylvania chain restaurant that specializes in cooked-to-order steaks, chicken, and seafood complemented by their famous soup, salad, bread and dessert bar.

## Challenges

With the high turn-over atmosphere of the food industry, Hoss's needed an accessible employee service, benefit, and payroll solution. Before Greenshades, Hoss's was manually keeping track of employee verification requests, coordinating benefits elections, and more. Hoss's desired a unified platform to house employee and payroll information for their 40+ locations that could be easily accessed at any time.

## Solutions

The Greenshades online platform allows Hoss's employees to review and edit their payroll information online. Employees are also able to print pay stubs and W-2's in minutes and complete benefits enrollments easily.

**The software works well and when there is a need for support, the Greenshades support staff has been great to work with.**
