# Empower your people through great learning

## LearnUpon + Greenshades

Unite Greenshades' payroll, tax, and HR platform with LearnUpon's learning management system to deliver training that fuels employee and business growth.

## A best-in-breed people tech partnership

### Make employee productivity priority #1

Onboard, train and develop; create and deliver a learning strategy that champions your people's success.

### Achieve compliance the simple way

Enable employees to complete must-do compliance training with ease – and it's all tracked for your records too.

### Automate training management

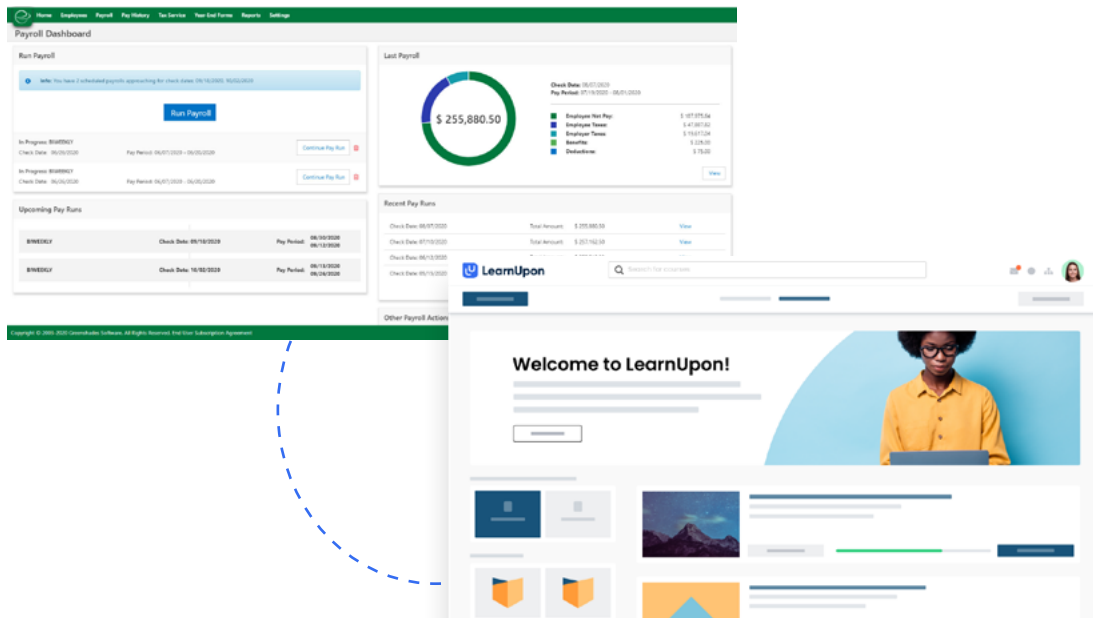

With automated workflows, quickly manage and roll-out large-scale learning programs to your employees.

### Connected solutions, engaging learning

Offer your people an effortless, engaging way to learn by connecting Greenshades to LearnUpon via our integration.

## Our partnership

### About LearnUpon

LearnUpon enables global organizations to create, manage, deliver, and measure learning through a single, centralized solution. With a focus on the user-experience and industry-leading expertise, we help businesses deliver impactful training that inspires their people to know, do, and achieve more.

### About GREENSHADES

Greenshades payroll and HR software is the independent, cloud-based solution companies can rely on. With robust employee self-service, proactive compliance, and a customizable, streamlined interface, Greenshades delivers an ideal payroll experience to employers across North America.
