

Empower your employees

with access to affordable care

Introducing the way for employees to pay for healthcare over time without doing financial harm.

Better access care

Care is received earlier because Paytient makes it easier for your employees to afford it.

Care is more affordable

Custom repayment plans are chosen by the employee.

Reduction in large claims

Enabling access to earlier care helps to greatly reduce the number of large claims.

Increase employee retention

When you give Paytient to your employees, it shows you are in touch with their needs. We have the numbers to prove it.

Make plan design changes easy

Move to a lower cost health care design while putting employees in a better place.

What you get with Paytient:

-  Dedicated account manager
-  In-app chat feature for your employees
-  Quarterly usage reports
-  Custom implementation plan
-  Launch & post-launch marketing support
-  Access to the Employer Portal

How It Works

Employees can pay for out-of-pocket medical, dental, vision, and even veterinary expenses with **Paytient's payroll integrated VISA card.**

They choose the payroll-deducted repayment plan that works for them.

**No interest. No fees.
No, really.**

A benefit to your company and to your employees.

"Anyone who knows me knows that my employees well-being is one of my top priorities.

I'm so very thankful for our relationship with Paytient. They have been life savers for our employees which makes them a fantastic addition to our team!"

Kathy C.

HR - Manufacturing

Instantly available

A no application, on-demand benefit
