

RUMBLE STRIP

Ideal for traffic safety on approach and around retirement villages, shopping centres, local streets and car parks as a visible warning of pedestrian access areas such as pedestrian crossings.

15mm Rumble Strip

- RUMBLE STRIP modular construction allows alternate Black & Yellow combination or single colour alternate lines
- RUMBLE STRIPS fit together to span required road length
- RUMBLE STRIPS have hazard warning strips that are highly visible and encourage safe driving
- RUMBLE STRIPS are safe for emergency vehicles

Fastening Options

- Fasten Rumble Strip to concrete surfaces with 6.5mm Metal Pin Anchors
- For asphalt/bitumen over base course use a 6mm x 72mm heavy duty nylon anchor with adhesive to fasten Rumble Strip
