1. Choose a book, video or song from the following 3 slides that is age appropriate or of interest to your student.

2. Tell the student what word you are learning today. Show (Model) them how to say the word using their form of communication.

3. Watch the video or read the book all the way through without models.

4. Watch the video or read the book again, this time showing them how to say the word "SHE" each time you see it or hear it on the video (Model). This is just a model, *don't require them to do anything except notice you!*

STEP 3: TEAM CHALLENGE!

In the next few days...

Teamwork: All the adults work together to model the word “SHE” 200 times in one day! How close can you get?

Like a watch, but for your finger, [Finger Counters](#) are an easy way to count your models!

Pick a 10-minute time slot once a day to use the words consistently with the student

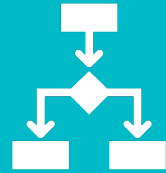

Everything is more fun with a prize at the end! Once you hit your target each month, give yourself a treat! What reward do you want to work toward this month?

STEP 4: TRY IT!

Encourage your student to communicate using these handy tips!

This week we are going to use **Core Choices**: Using the student's CORE word board, offer them two choices of appropriate core words to match the situation.

When watching a video or looking at a photo, ask "Who is walking?" (Or another verb in a photo). Model the two choices "She" or "I".

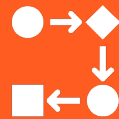

STEP 5: TALK

During the rest of the day the student is practicing using the target word to communicate in real situations.

Look at your daily schedule.

During each scheduled activity pick one time you could model and use the word "SHE."

Look for any opportunity during the day to model and expect the student to use the word "SHE."

Follow the student's lead. If the word "SHE" reflects something they are trying to say themselves, model and expect them to follow along! "I see she is ready to go!"
