- Stocks and Flows
- Driver Diagrams
- Upstream Analysis
- Root Cause Analysis
- 7 Stories (Story to Theory)
- Asset Mapping
- Power Mapping

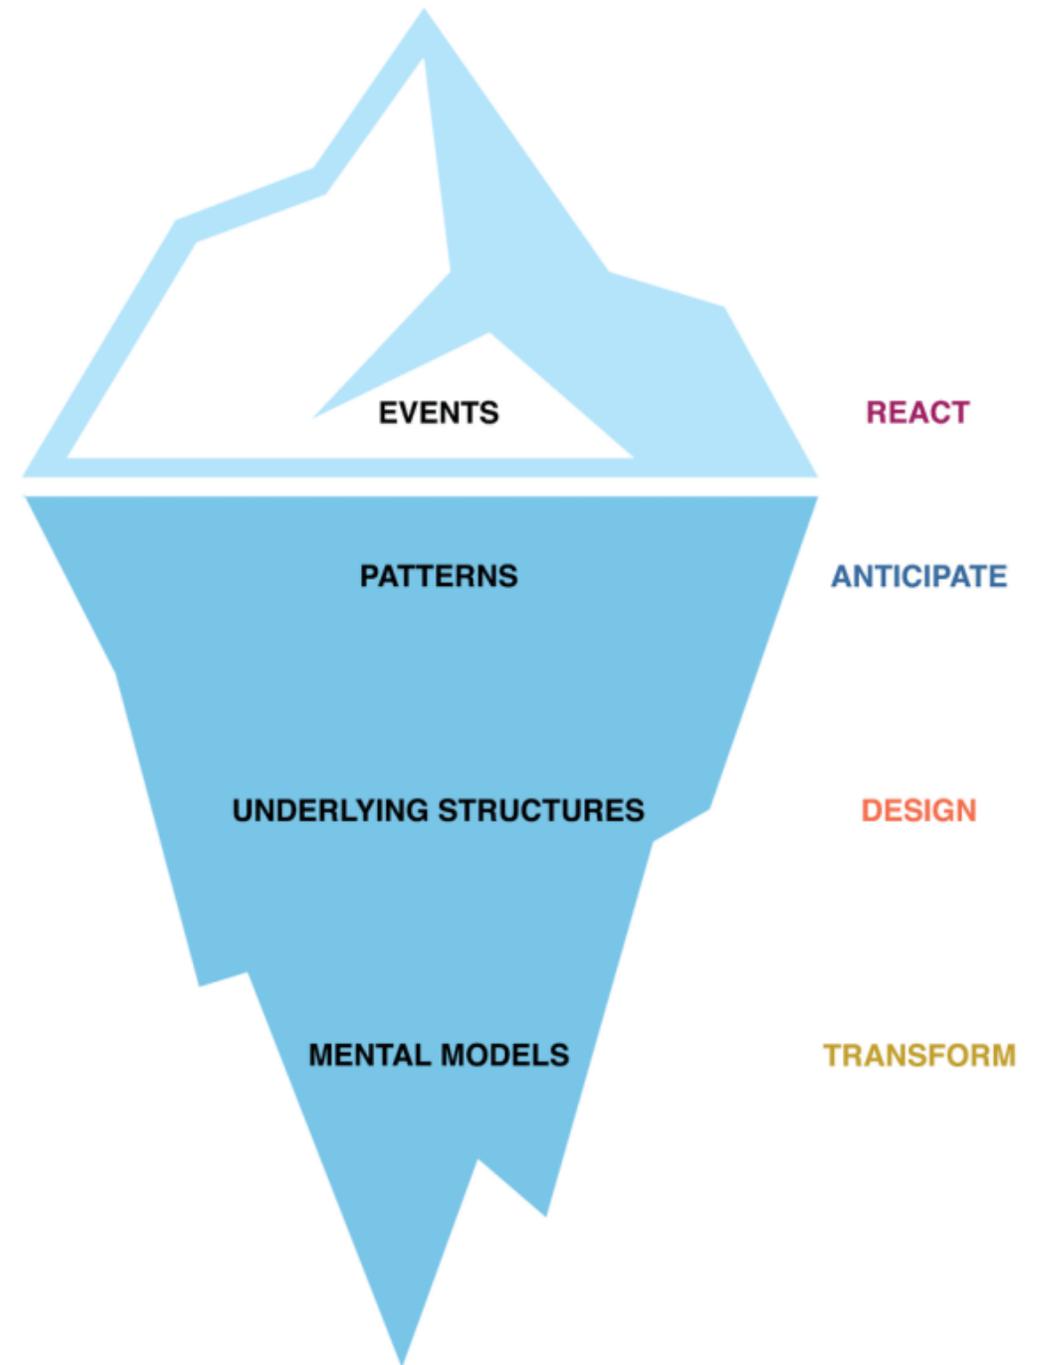

The Iceberg Model

Iceberg Model

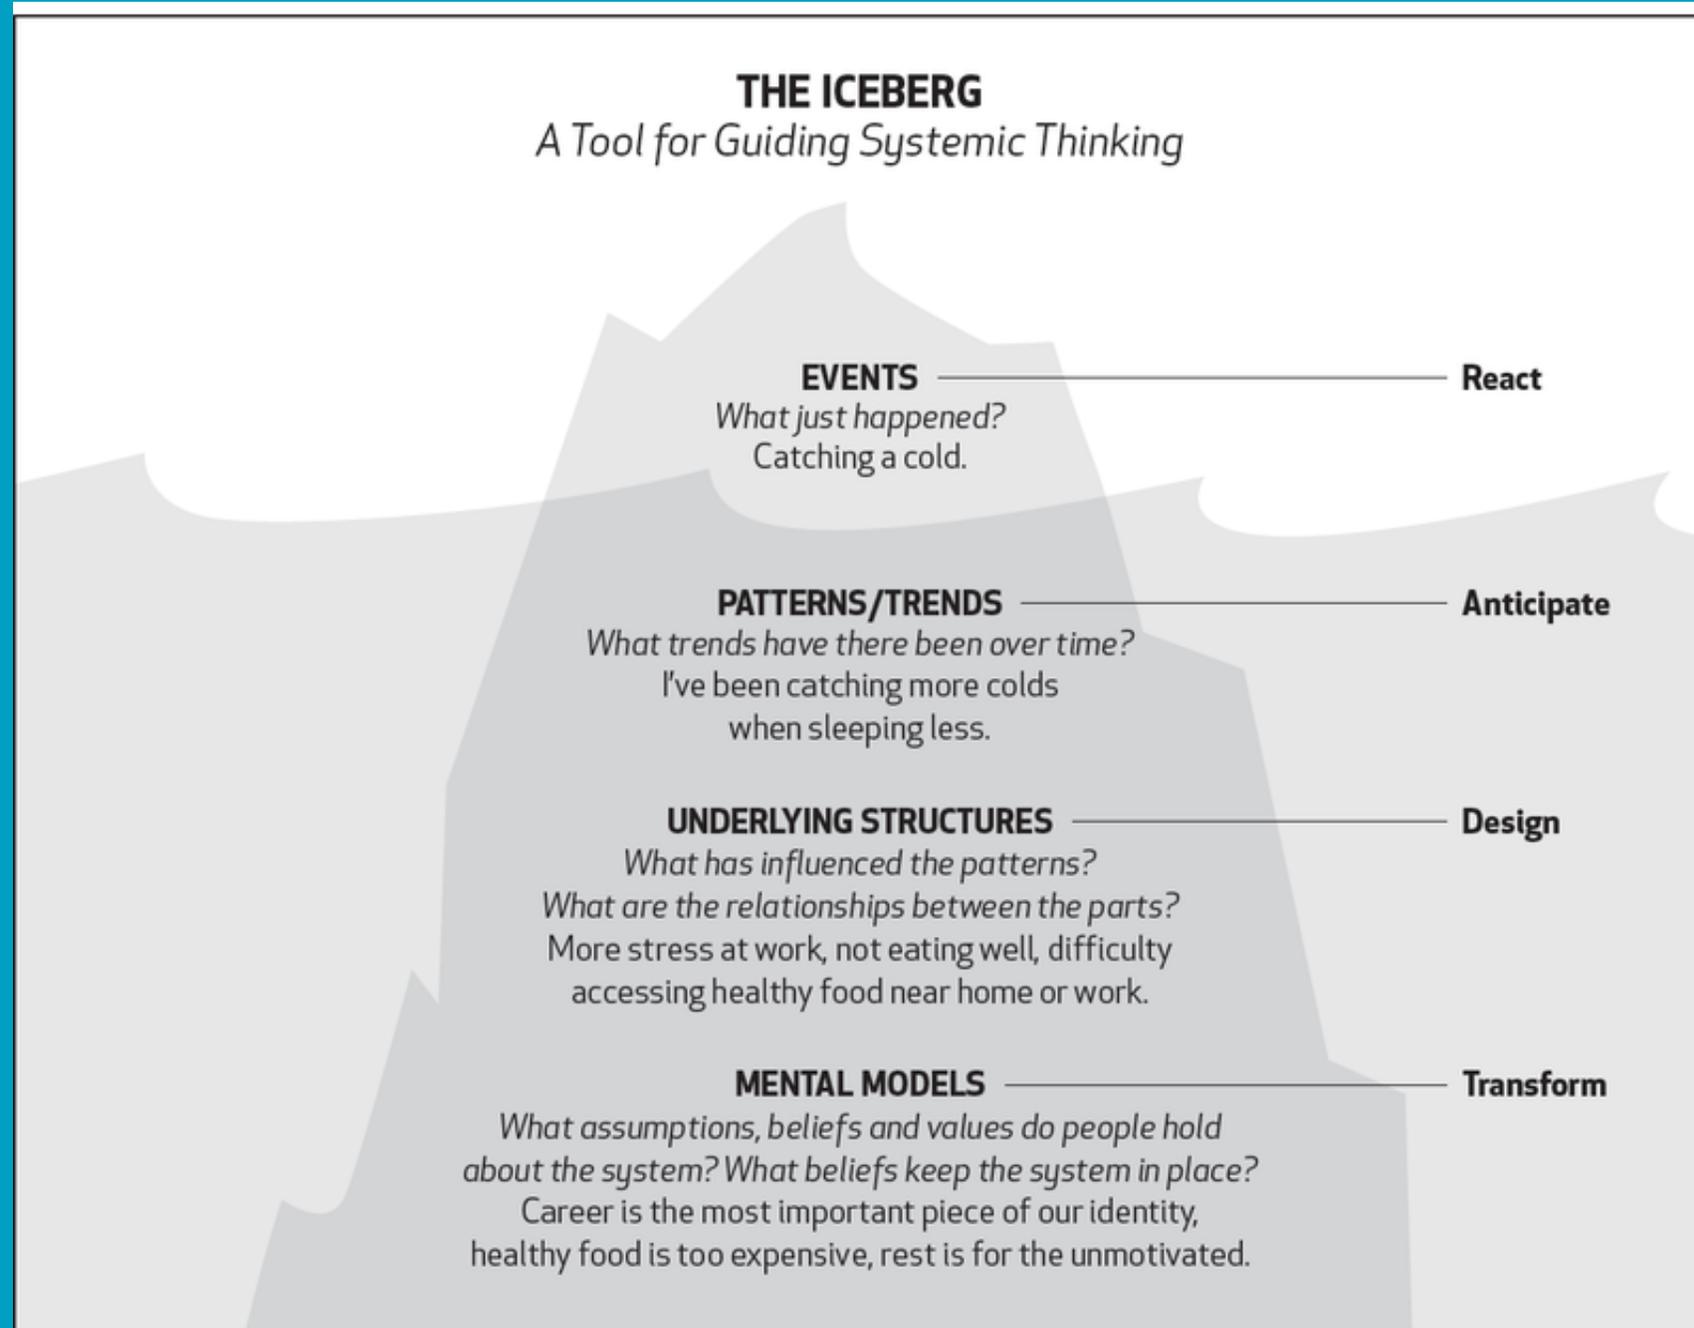

Only 10% of an iceberg is above water. The 90% below the water is what the ocean currents act on and what creates the iceberg's behavior at its tip.

Our work on health equity can be viewed in this same way.

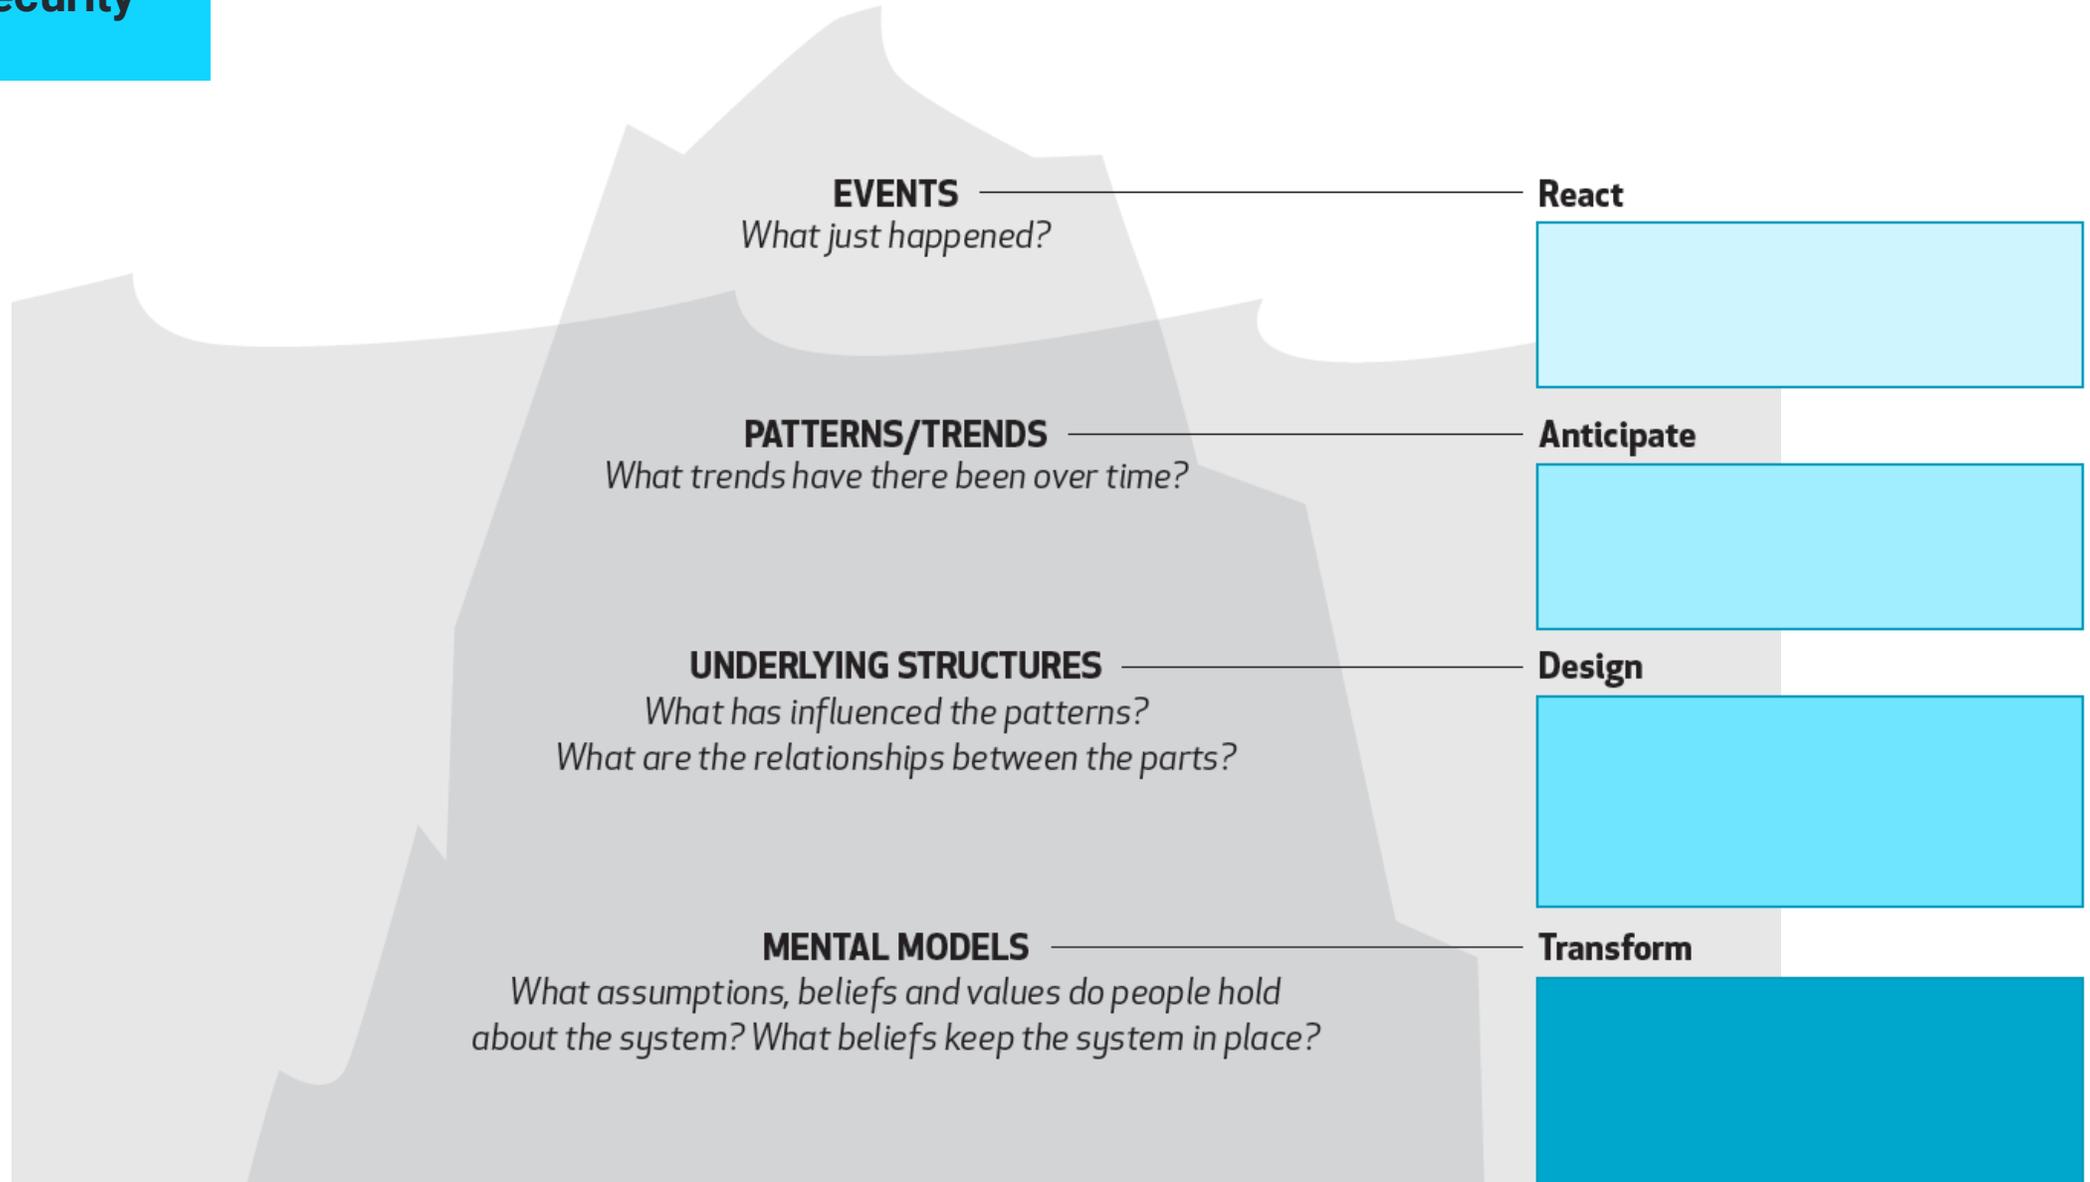

The Iceberg Model

Rather than reacting to individual problems, **systems thinking** asks about relationships between activities in the system, looks for patterns over time, and seeks root causes.

TOPIC:
Food Insecurity

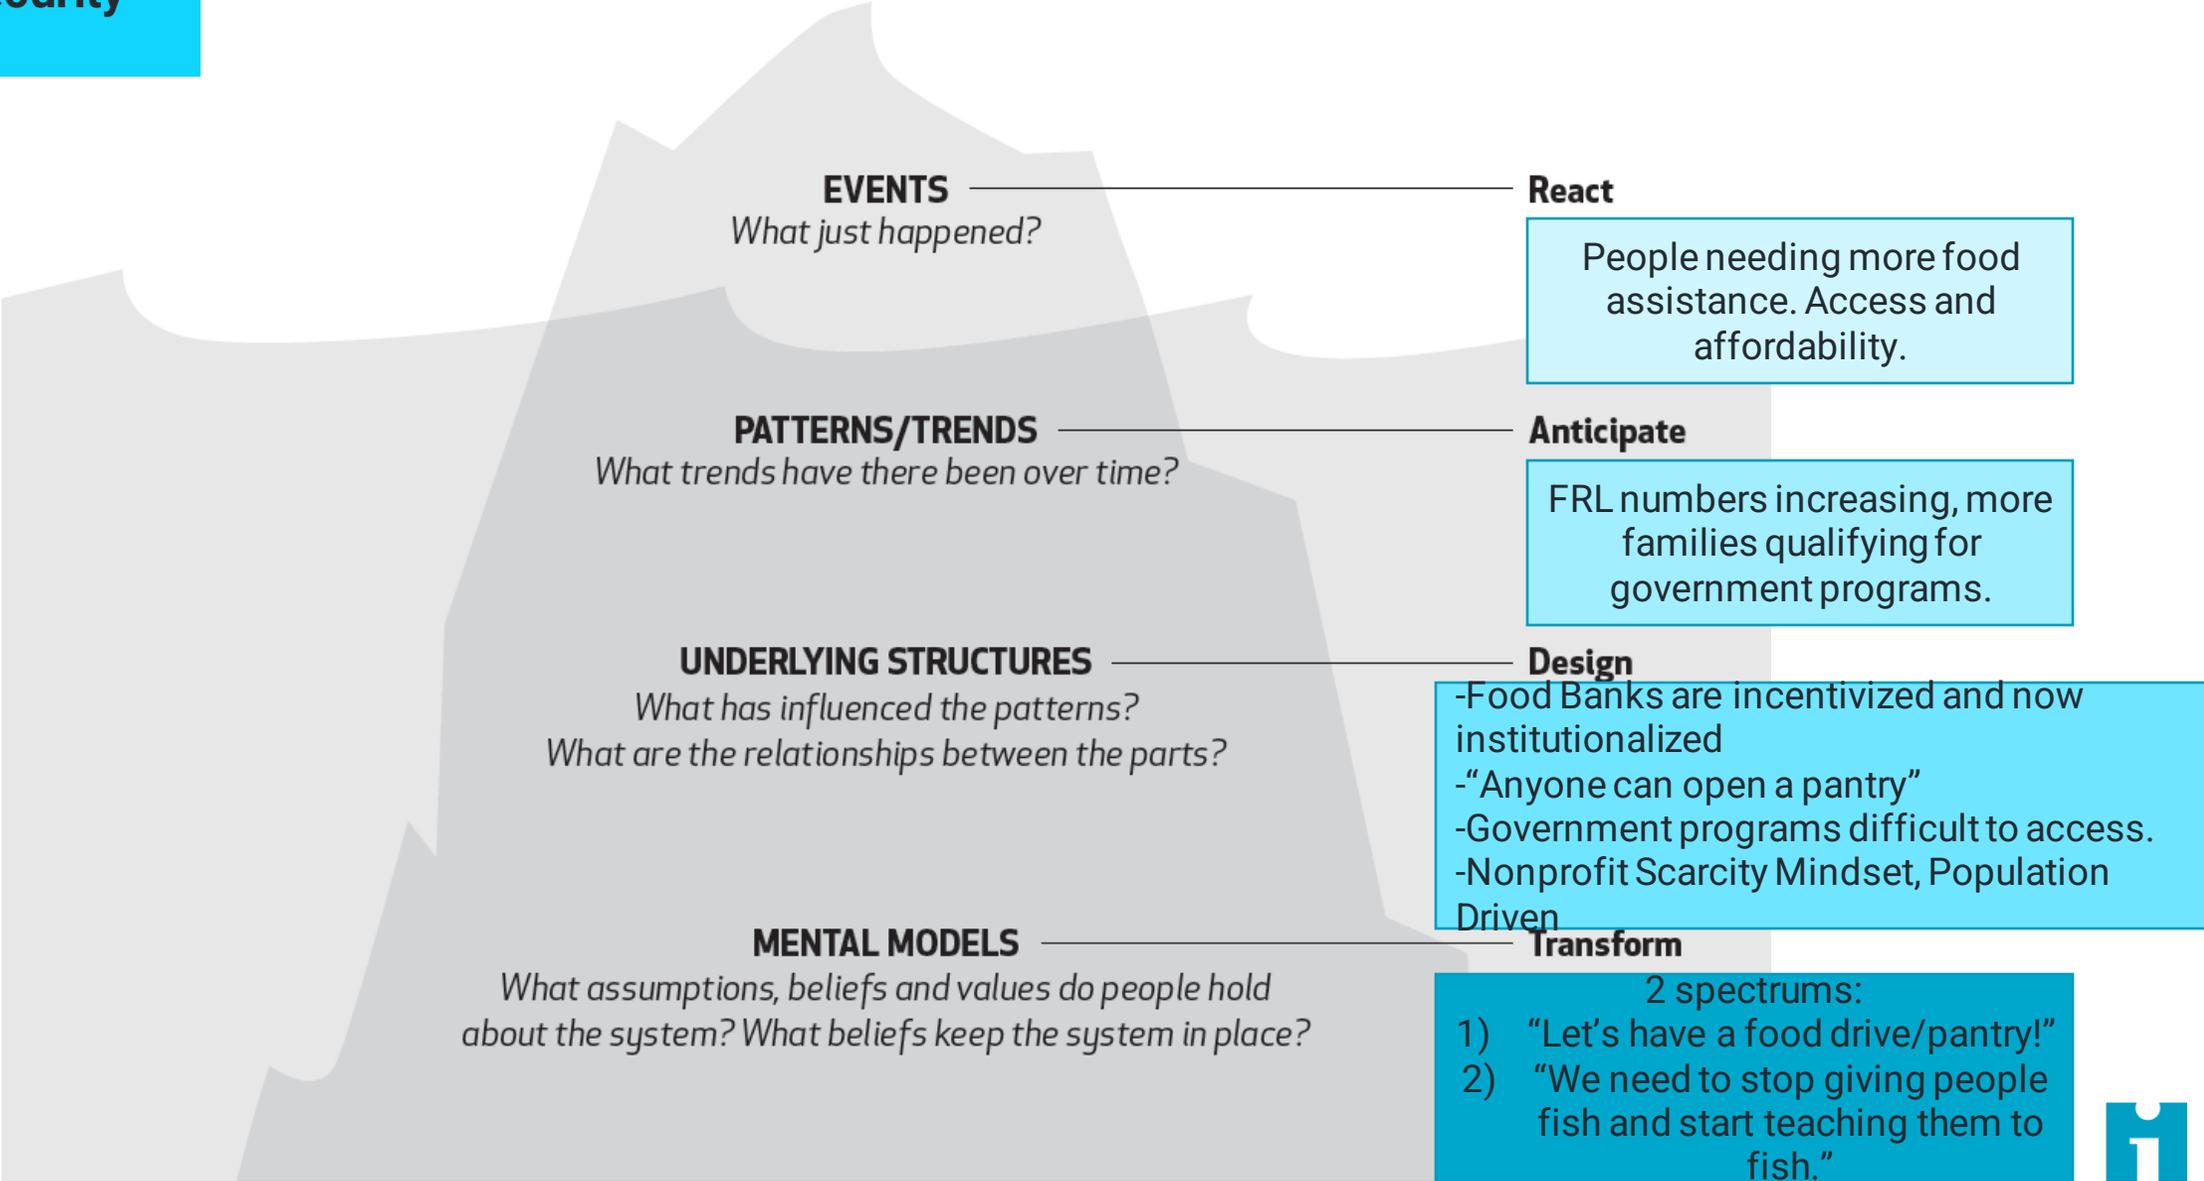

THE ICEBERG
A Tool for Guiding Systemic Thinking

TOPIC:
Food Insecurity

THE ICEBERG

A Tool for Guiding Systemic Thinking

Current Needs: (Per Samueli Discovery)

Community

Food Insecure

- Access to healthy food.
- Dignity to choose their own food.

Food Secure

- Mindset shift. Food insecurity doesn't go away. Remember government cheese?

Nonprofits

- Increased access to more healthy food for families.
- Transportation to help them get to the food so they can choose.
- **Food Banks** - Logistics and coordination, technology enhancements, **marketing**, funding,
- **Pantries** - program shift from just handing out food to also providing resources and services on site.

Government/ Cities

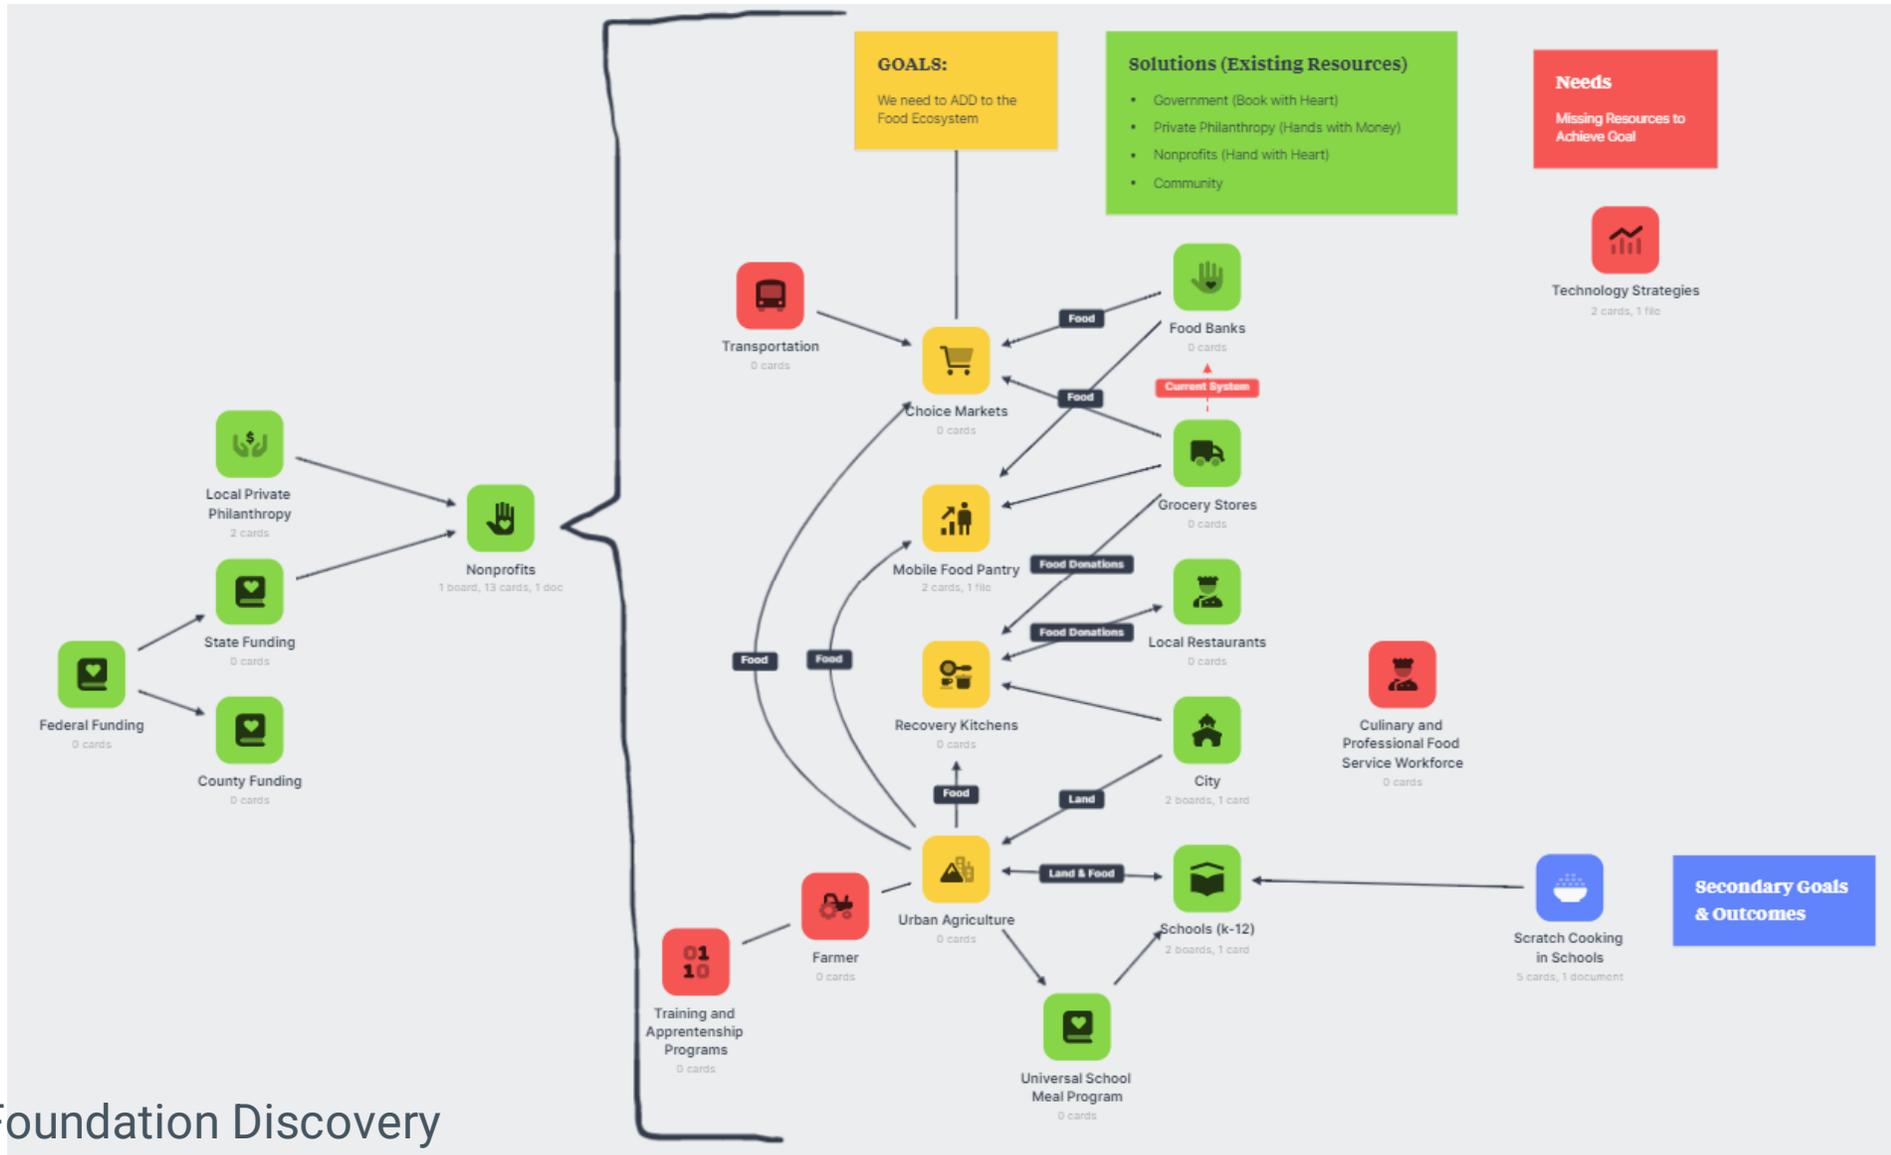

- Preparation and coordination to address the SB 1383 law which will go into full effect in 2025.
- OC Waste and Recycling - workforce to keep up with SB 1383.

Businesses

- Food Businesses - Proper data and understanding of food insecurity. (it doesn't go away)
- Workforce in culinary and nutrition
- Guidance and consultation on food waste practices.
- Waste Management Companies?

Building a Food Ecosystem*

*Food As Medicine:
Food/Nutrition Insecurity and Access*

Understanding the Orange County Landscape on Food and Nutrition Access: Needs and Programs/Services

- HCA Public Health Services: overview of food insecurity in Orange County and the PHS/SSA collaboration
 - Trav Ichinose, Senior Research Analyst, Office of Strategy and Development
 - Maridet Castro Ibañez, R.D., Administrative Manager II, Nutrition Services-WIC & CFHL Programs, Health Promotion and Community Planning
- OC Social Services Agency: about CalFresh and other food access programs
 - Cristal Perez, Outstation Manager, Assistance Programs
 - Loreen Montagnon, Community Engagement Manager
- CalOptima: CalFresh enrollment campaign
 - Tiffany Kaaiakamanu, Community Relations Manager

Let's Share Together

Randomly assigned

30 minutes in breakout rooms

One facilitator per room

Questions:

- What are other examples of food insecurity projects that bring dignity to people?
- What other innovative ideas address food insecurity from a county-wide perspective?
- What action can you take today from what you have learned?

Report Out and Call to Action

2-3 volunteers to share what stood out from your discussion.

What's our call to action for the EiOC Taskforce?

Based on today's conversation, how can the EiOC Taskforce help food security in OC?

Community Sharing:

Health Equity for African American League (HEAAL) Collective & Project Food Bank

Wrap Up & What's Next

Evaluation

- Please send feedback and comments:
