2. DIRECTORS' REPORT

Economic Review & Outlook

Pakistan's economic recovery continued in a steady trajectory during period under review, with almost all macroeconomic indicators suggesting uptick in fortunes, where the SBP has also revised up its real GDP growth forecast from 2% to 3% during the current year. Double-digit volumetric growth sectors including cement and automobile along with impressive performance of relatively inelastic markets of fertilizer and petroleum products, have helped propel LSM growth to 7.5% during the first seven months of the current year. Temporary Economic Refinancing Facility (TERF), which was introduced by the SBP last year amidst COVID-19 pandemic, expired on 31st Mar'21, it is believed to help lay the groundwork by providing industrialists the impetus to pursue and continue their economic activity driving growth going forward.

During this time period, SBP maintained status quo in monetary policy with forward guidance of gradual adjustments in interest rates to achieve mildly positive real interest rates as the recovery becomes more durable and the economy returns to full capacity. This put to rest any jitters regarding an earlier hike in interest rates owing to worryingly high inflation where average CPI inflation during the period under review clocked in at 8.4%; with expectations to go beyond SBP's projected range of 7-9% for the ongoing year. Furthermore, the current inflationary environment is almost exclusively based on supply-side constraints, which has little to do with maneuvering the policy rate, hence giving SBP the room to maintain negative real interest rates until demand-side pressures start rising.

In terms of revenue, FBR's performance has remained satisfactory; posting 10% growth in collections during the period under review to stand at PKR3.9 trillion, an improvement of PKR 317 billion from previous year and exceeding the downward-revised target by PKR 106 billion. A slightly detailed analysis indicates outperformance in the indirect taxation segment suggesting strong economic activity and consumption that is an important sign considering Pakistan is battling with COVID-19 third-wave. In order to move forward with IMF's Extended Finance Facility, the organization has set forth an extremely ambitious revenue target of PKR 5.96 trillion. Pakistan will have to take some more difficult measures to achieve this feat, including removal of tax exemptions and implementing a uniform GST rate.

Pakistan's external account pressures continue to remain abated, as indicated by a surplus Current Account Balance of USD 881 million in the first eight months of the period under review, compared to a deficit of USD 2,741 million of the same period last year. This surplus is in large parts to overseas Pakistanis who have consistently contributed over USD 2 billion a month remittances throughout the pandemic. Overall remittances have clocked in at USD 18.7 billion, registering 24% growth from the same period last year. This growth in remittances has largely compensated for the 9% increase in imports and the 2% decline in exports. In spite of being in a comfortable position, a point of concern still remains evident from a widening trade deficit as economic activities revive and international commodities prices are heading north. This surplus position when combined with consistently growing Roshan Digital Account inflows crossing USD800 million, receipt of USD500 million of IMF tranche, and the recently issued Eurobonds fetching USD2.5 billion, have taken the country's foreign exchange reserves to USD20.7 billion and helped Pakistani currency to become the best performing Asian currency, appreciating approx. 6% relative to the greenback and hitting the PKR152/USD mark.

Capital Markets Review

Benchmark index could not insulate itself from political instability surrounding Senate elections with KSE index displaying a choppy trend throughout the last quarter of the period under review, oscillating between 42,700-46,950 points, ultimately ending the quarter with a meagre return of

1.9%. Cumulative return for the period under review now stands at 29.5%. However, political environment and fears of increased lockdown restrictions owing to COVID-19 third wave were not enough to discourage investors from trading activities, as average daily turnover of shares during the quarter stood at 557mn shares 41% higher sequentially, whilst 2.6x higher over the same period last year. Average daily turnover of shares during the entire period under review stood at 483 million shares compared to 194 million shares of the same period last year.

Foreign investors continued their selling spree in the market, selling equities worth of USD295 million during the period under review. Amongst major sectors, Refinery, Technology Cement, Automobile, textile, Chemical, and Engineering outperformed the benchmark index whilst Banks, E&P companies, Fertilizer, IPPs and OMCs, were the biggest underperformers.

Going forward we expect the market to remain range-bound considering triggers on both side of the spectrum. We believe that the market will witness another round of strong corporate profitability particularly from the cyclical sectors, primarily attributable to low base effect. However, on the opposite side unfavorable budgetary measures regarding tightening fiscal space, increased taxation, and raising prices of electricity and gas, could lead to wavering of investor confidence. Moreover, possibility of double-digit inflation during the latter end of FY21 could ultimately force SBP raising interest rates. Third wave of the COVID-19 is also a critical variable where the positivity rate is hovering around high single-digits and a sustained strain may lead to harsh measures that may hamper growth outlook.

Performance Overview:

The following table depicts the Company's performance in the nine months under review:

	Mar - 2021	Mar - 2020
	PAK RUPEES	
Accumulated profit/(loss) as at July 01	7,085,268	(9,131,865)
Net Profit for the period	51,512,190	28,477,721
Realized gain on sale of investments carried at FVOCI	5,506,100	-
Bonus Shares issue	(45,000,000)	
Accumulated profit/ (loss) as at December 31	19,103,558	19,345,856
Earnings Per Share Rupees	1.14	0.63

The Company posted a pre-tax profit of PKR 67.45 million during the nine months period under review as compared to a pre-tax profit of PKR 44.07 million last year in the corresponding period. Overall operating revenues of the company increased by 64% to PKR 270.63 million compared to PKR 164.62 million in the corresponding period of the previous year, 91% of the increase is attributable to the Brokerage income amounting to PKR 226.39 million in total, while Advisory revenue increased to PKR 43.87 million.

Administrative expenses only increased marginally by 13%, whereas operating expenses increased by 46% corresponding to the increase in business activity.

Given the macroeconomic indicators remain consistently performing, the Company aims to continue the profitability tempo.

1. STATUS AND NATURE OF BUSINESS

Next Capital Limited ("the Company") was incorporated as a public limited company in Pakistan on 14 December 2009 under the Companies Act, 2017 (previously Companies Ordinance, 1984). The Company has obtained corporate membership from Pakistan Stock Exchange Limited ("the Exchange") on 2 February 2010 and was listed on the said Exchange on 27 April 2012.

The Company is a TREC holder of the Exchange and a member of Pakistan Mercantile Exchange Limited and is accredited broker by Financial Market Association of Pakistan. The Company is principally engaged in brokerage of shares, stocks, equity and debt securities, commodities, forex and other financial instruments and corporate finance services. Further, the Company is engaged in trading in equity and debt securities on its own account through ready, spot and forward counters of the stock exchange. The registered office of the Company is situated at 2nd Floor, Imperial Court, Dr. Ziauddin Ahmed Road, Karachi. The branch office is situated at 63-A Agora Eden City, Phase 8, Lahore.

2. BASIS OF PREPARATION

2.1 Statement of compliance

2.1.1 These condensed interim financial statements have been prepared in accordance with the accounting and reporting as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim reporting comprise of:

- International Accounting Standard (IAS) 34 'Interim Financial Reporting issued by the International Accounting Standard Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act 2017.

Where the provisions of and directives issued under the Companies Act 2017 differ with the requirements of IAS 34, the provisions of and directives issued under the Companies Act 2017 have been followed.

2.1.2 These condensed interim financial statements does not include all the information required for full annual financial statements and should be read in conjunction with the audited annual financial statements of the Company as at and for the year ended 30 June 2020.

2.1.3 The comparative condensed interim statement of financial position presented in these condensed interim financial statements have been extracted from the audited annual financial statements of the Company for the year ended 30 June 2020, whereas the comparative condensed interim statement of profit or loss, condensed interim statement of comprehensive income, condensed interim statement of cash flows and condensed interim statement of changes in equity are extracted from the unaudited condensed interim financial statements for the period ended 31 December 2020.

2.1.4 These condensed interim financial statements are un-audited and are being submitted to the shareholders as required by listing regulations of Pakistan Stock Exchange vide section 237 of the Companies Act, 2017.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention except for investments that are carried at fair value.

2.3 Functional and presentation currency

These condensed interim financial statements are presented in Pakistani Rupees, which is also the Company's functional currency. All amounts have been rounded to the nearest rupee, unless otherwise indicated.

3. SIGNIFICANT ACCOUNTING POLICIES

3.1 The accounting policies and methods of computation adopted in the preparation of these condensed interim financial statements are the same as those applied in the preparation of audited annual financial statements of the Company as at and for the year ended 30 June 2020.

4. ACCOUNTING ESTIMATES, JUDGEMENTS AND FINANCIAL RISK MANAGEMENT

The preparation of condensed interim financial statements in conformity with accounting and reporting standards, as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

18. CONTINGENCIES AND COMMITMENTS

18.1 Contingencies

- 18.1.1** The Sindh Revenue Board (SRB) passed an Order for recovery of Sindh sales tax on advisory services amounting to Rs. 871,581 for the tax period July 2011 to June 2012. The Company filed appeal before the Commissioner Appeals (SRB) against the said order. The Commissioner Appeals (SRB) passed the final order dated 21 November 2014 for recovery of assessed amount Rs. 871,581 and default surcharge to be calculated at the time of payment.

The Company filed the petition against the order to the Honourable High Court of Sindh ("the Court") and the Court granted an interim order dated 28 November 2014 and restrained the SRB from demanding any payment till further orders by the Court. The Court via its order dated 28 August 2015 disposed off the said petition and directed the Company to pursue the appeal before the SRB-Tribunal.

The management is of the view that such services were not taxable under the Sindh Sales Tax Act, 2011 and the Company was duly paying Sindh Sales Tax on brokerage services and filing Sindh Sales Tax accordingly. The Company is confident of a favourable outcome of the same, therefore, no provision has been made in this regard. For income tax contingencies, refer note 23.

- 18.1.2** The Sindh Revenue Board issued notice to the Company in respect of short payment of sales tax for the tax periods from July 2011 to June 2018 amounting to Rs. 22,382 million. The Company provided all the relevant details and explanation to the SRB and also paid tax amounting to Rs. 6,509 million along with penalty and default surcharge amounting to Rs. 0.375 million under the amnesty scheme provided through notification no. SRB-3-4/11/2018 dated May 18, 2018.

After the compliance and payment, no further notice has been received.

- 18.1.3** The Sindh Revenue Board has issued show cause notice in respect of short declaration of revenue on which short paid sale tax amounting to Rs. 790,501 was computed in the tax period from July 2012 to June 2013. All the relevant details along with explanation have been submitted to the department. However, no further notice has been received from SRB.
- 18.1.4** The Sindh Revenue Board has issued show cause notice in respect of short declaration of revenue on which short paid sale tax amounting to Rs. 6,370,818 was computed in the tax period from July 2013 to June 2014. All the relevant details along with explanation have been submitted to the department. However, no further notice has been received from SRB.

23. TAXATION

23.1 The income tax returns of the Company have been filed up to tax year 2020 under the Universal Self Assessment Scheme. This scheme provides that the return filed is deemed to be an assessment order. The returns may be selected for audit within five years. The Income Tax Commissioner may amend assessment if any objection is raised during audit.

Order under section 161 and 205 of the Income Tax Ordinance 2001 has been passed by the Assistant Commissioner Inland Revenue in respect of monitoring of withholding of taxes for the tax year 2016 on account of short deduction of tax on payments made by the Company amounting to Rs. 0.10 million.

Order under section 161 and 205 of the Income Tax Ordinance 2001 has been passed by the Assistant Commissioner Inland Revenue in respect of monitoring of withholding of taxes for the tax year 2011 on account of short deduction of tax on payments made by the Company amounting to Rs. 0.876 million. Against the said order the Company has preferred an appeal before the Commissioner Inland Revenue (Appeals) under section 127 of Income Tax Ordinance 2001. The case has been heard, however, the decision in appeal is still pending.

Order for amendment in assessment under section 122 (5A) of the Income Tax Ordinance 2001 has been passed by the tax authorities for the tax year 2011 on the basis that the tax deduction under section 153(1)(b) of the Ordinance was minimum tax, therefore, no refund is allowable to the Company creating tax demand of Rs. 26,698. The Company has preferred an appeal before the Commissioner Inland Revenue (Appeals) under section 127 of Income Tax Ordinance, 2001, where hearing in appeal is pending.

The Company has been selected for audit in respect of tax year 2016 through Random Computer Balloting in accordance with section 214C of the ordinance. The notice for submission of details was issued by Zone-V, Corporate Regional Tax Office, Karachi whereas jurisdiction of the Company falls with Zone-I Corporate Regional Tax office, Karachi. The same was responded and no further notice has been received yet.

23.2 There is no change in the status of the current tax assessment.

26. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

Fair value is an amount for which an asset could be exchanged or a liability settled between knowledgeable willing parties in arm's length transaction. The table below analyses financial instruments carried at fair value, by valuation method. The different levels (methods) have been defined as follows:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

Fair value of the financial assets that are traded in active markets are based on quoted market prices. The following table shows fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.
