EPFO PROPOSAL TO ENHANCE IT FROM 15% TO 20%

Raising investment in equity not taken up in CBT meet

SURYA SARATHI RAY New Delhi, July 30

THE CENTRAL BOARD of Trustees (CBT), the highest decision-making body of the Employees' Provident Fund Organisation (EPFO) chaired by the Union labour minister, did not take up for discussion the proposal to enhance its investment in equities to 20% of the investible funds from 15% now.

A source present in the meeting said that though "the proposal for an amendment in the pattern of investment for increasing allocation of investible funds in equityrelated investments from 15-20%"was there among 21 other agenda items for the two-day CBT meet that concluded Saturday, the government decided to withdraw the item from the agenda for discussion as, it feels, the matter needs further and deeper deliberations.

"The item was dropped. The CBT did not discuss the item at all," said Sukumar Damle, national secretary, AITUC.

Athird member said the government did not want to tweak the threshold in the current volatile market conditions. Also, it is apprehensive that any hike in the upper limit would cause an uproar in Parliament, cur-Opposition.

on investment requires amending the current pattern of

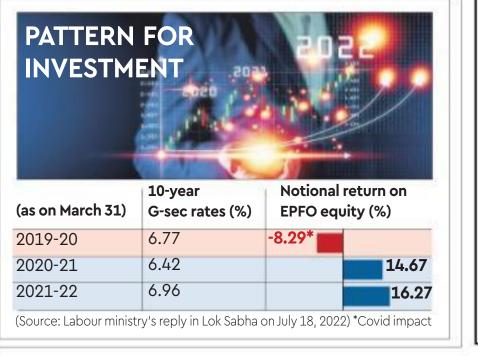

investment. As per the current investment pattern, the EPFO can invest between 45-65% in government securities, between 20-45% in debt instruments, up to 5% in shortterm debt instruments and up to 5% in asset-backed, trust structured & miscellaneous investments. It can invest

between 5-15% in equities. The Finance Investment and Audit Committee (FIAC) of the EPFO had in December recommended that exposure to equities be enhanced to 20% from 15% now. There was a near consensus on the need to raise the exposure to equities in

that meeting. The FIAC was of the view that there was a need to "strike a balance between risk and return" and the exposure should be increased to "leverage the return of equity investments."

The EPFO started investing monies in equities in 2015-16 — August 5, 2015 to be precise — with a cautious exposure of 5%. The exposure was doubled in the subsequent year itself and taken to 15% in 2017-18.

The EPFO invests equities in the form of exchange traded funds (ETFS), both on the Nifty and Sensex platforms. With over ₹2.1-trillion annual contributions by subscribers, the EPFO's rently in session, from the accumulated corpus is around ₹18.43 trillion, as on April 30, Any change in the pattern 2022. Currently, EPFO invests 85% of its fresh investments in debt instruments.

No need for pensioners to visit banks for life certificates

NEARLY 7.2 MILLION EPFO pensioners will no longer need to visit pension disbursing bank branches or common service centres to produce digital life certificate (DLC), mandatory to avail the facility conti-

nously each year. A pensioner can now produce such certificate from anywhere using the face authentication technology, the retirement fund body launched on Saturday.

stock brokers in the country with millions of clients. The scam came to light after a limited purpose inspection of KSBL conducted by the NSE in 2019 revealed that KSBL had not revealed a DP Account and credited the funds raised by pledging of client securities to 6 of its own bank accounts (Stock Bro-

ker-own Account) instead of the stock broker-client account,"the ED had said earlier. It arrested Parathasarathy, group CFO G Krishna Hari in January this year as part of the probe. Both are out on bail now.

A"very complex web" of financial transactions, using several shell entities and nonbanking financial companies (NBFCs), have been executed to conceal the source of these funds to project them as untainted funds, the ED had said.

agency said in a statement. With the latest order, the total attachment of properties by the ED in this case stands at ₹2,095 crore.

"KSBL was one of the leading stock brokers in the country with millions of clients. The scam came to light after a limited purpose inspection of KSBL conducted by the NSE in 2019 revealed that KSBL had not revealed a DP Account and credited the funds raised by pledging of client securities to 6 of its own bank accounts (Stock Bro-

ker-own Account) instead of the stock broker-client account,"the ED had said earlier. It arrested Parathasarathy, group CFO G Krishna Hari in January this year as part of the probe. Both are out on bail now.

A"very complex web" of financial transactions, using several shell entities and nonbanking financial companies (NBFCs), have been executed to conceal the source of these funds to project them as untainted funds, the ED had said.

EPFO PROPOSAL TO ENHANCE IT FROM 15% TO 20%

Raising investment in equity not taken up in CBT meet

SURYA SARATHI RAY New Delhi, July 30

THE CENTRAL BOARD of Trustees (CBT), the highest decision-making body of the Employees' Provident Fund Organisation (EPFO) chaired by the Union labour minister, did not take up for discussion the proposal to enhance its investment in equities to 20% of the investible funds from 15% now.

Asource present in the meeting said that though "the proposal for an amendment in the pattern of investment for increasing allocation of investible funds in equityrelated investments from 15-20%"was there among 21 other agenda items for the two-day CBT meet that concluded Saturday, the government decided to withdraw the item from the agenda for discussion as, it feels, the matter needs further and deeper deliberations.

"The item was dropped. The CBT did not discuss the item at all," said Sukumar Damle, national secretary, AITUC.

Athird member said the government did not want to tweak the threshold in the current volatile market conditions. Also, it is apprehensive that any hike in the upper limit would cause an uproar in Parliament, currently in session, from the

Any change in the pattern on investment requires amending the current pattern of

investment pattern, the EPFO can invest between 45-65% in government securities, between 20-45% in debt instruments, up to 5% in shortterm debt instruments and up to 5% in asset-backed, trust structured & miscellaneous

investments. It can invest

between 5-15% in equities. The Finance Investment and Audit Committee (FIAC) of the EPFO had in December recommended that exposure to equities be enhanced to 20% from 15% now. There was a near consensus on the need to raise the exposure to equities in that meeting.

The FIAC was of the view that there was a need to "strike a balance between risk and return" and the exposure should be increased to "leverage the return of equity investments."

The EPFO started investing monies in equities in 2015-16 — August 5, 2015 to be precise — with a cautious exposure of 5%. The exposure was doubled in the subsequent year itself and

taken to 15% in 2017-18.

The EPFO invests equities in the form of exchange traded funds (ETFS), both on the Nifty and Sensex platforms. With over ₹2.1-trillion annual contributions by subscribers, the EPFO's accumulated corpus is around ₹18.43 trillion, as on April 30, 2022. Currently, EPFO invests 85% of its fresh investments in

debt instruments.

No need for pensioners to visit banks for life certificates

NEARLY 7.2 MILLION EPFO pensioners will no longer need to visit pension disbursing bank branches or common service centres to produce digital life certificate (DLC), mandatory to avail the facility continously each year. A pensioner can now produce such certificate from anywhere using the face authentication technology, the retirement fund body launched on Saturday.
