Public transport services that enable you to get to the EPFL Innovation Park without wasting any time

Accessibility

The campus is located in zone 12 of the Mobilis tariff network. Travel times and services:
- Renens train station (~13’, M1, bus 3I)
- Morges train station (~17’, bus 701)
- Lausanne train station (~27’, M1)
- Lonay center (~30’, bus 705)

The easiest way of accessing all public transport offers is to go to the single point of sale directly on the EPFL campus.
Esplanade welcome desk (CM 1364), 021 693 53 95
Mo.-Th.: 10am-2pm / 2.30-4.45pm
Fr.: 10am-2pm / 2.30-4.15pm

Bus line extension

In order to offer a direct line to the Lausanne train station, the TL 1 line will be extended from La Maladière to the Lausanne train station and will serve the campus with a final stop at the EPFL Innovation Park. The line will be effective as of August 2023.

Did you know?

EPFL Innovation Park companies can benefit from public transport subsidies of up to CHF 300 per employee from the municipality of Ecublens.

Flexible, economical and sustainable alternatives to commute to EPFL Innovation Park or for your business trips

**Carsharing**

Book one of the 9 Mobility cars on the campus and drive off! One is available in the Park near building H. Transferable cards at preferential rates are available for all companies of the Park. Get in touch with sustainability@epfl-innovationpark.ch to get the instruction mobility.ch/en/business-customers

**Carpooling**

Find carpoolers who live near you and have compatible working hours on the fairpark carpooling platform. You can plan your trips for the week or on a daily basis. https://epfl.fairpark.ch/v2/login

**Electric mobility**

Across the campus, 6 charging stations are available to all, including visitors: Esplanade, BC, Quartier Nord and one specifically at the EPFL Innovation Park. Charging time is limited to 4h and parking fees apply. The EPFL Innovation Park has 10 private spaces equipped with "Green Motion" charging stations for rent to companies. All these spaces are currently taken. If you are interested, please register on the waiting list at sustainability@epfl-innovationpark.ch.

epfl.ch/campus/services/camipro/additional_services/green_motion_electrical_vehicle_charging/

**Did you know?**

If walking, cycling or using public transport is not an option for you, consider carpooling! Sharing your journey with another carpooler will allow you to have a good time, reduce stress and fatigue and cut in half the carbon footprint of your journey!

PARKING

A diverse offer to rationalize parking management and the use of space

- **Private spaces at EIP**
  - Indoor and outdoor, according to a quota per company (no individual rental to employees).
  - **Motorbikes / scooters:** Indoor spaces CHF 30.-/ month before tax
- **Green spaces**
  - Shared parking spaces reserved for EPFL employees, some EIP companies (limited quota for startups) and EPFL permanent service providers.

- **White spaces**
  - For campus visitors:
    - Payment using the parking meter, Parkingpay, EasyPark or Twint.
    - Prices: CHF 1.- (1st hour) then CHF 2.-/ hour
    - [go.epfl.ch/parkingsvisiteurs](http://go.epfl.ch/parkingsvisiteurs)
- **Private spaces in the Quartier Nord**
  - Available to all for rental in the Quartier Nord car park.
    - [locationlausanne@comptoir-immo.ch](mailto:locationlausanne@comptoir-immo.ch)

**ParkShare eEIP**

With **ParkShare**, EIP companies offer their available parking spaces to the Park’s community, allowing employees to occasionally book them via the **EPFL InnoPark** app or the Park’s tenants portal.

Travel Less Without Loss

Within the TLWL project, the School of Life Sciences from EPFL has established a series of recommendations to make business travel more sustainable. EIP companies are encouraged to use them as a guide for their travel policies:

- Choose videoconferencing or the train for destinations less than 6h away
- Plan your trip with routeRANK
- Limit the impact of plane trips by choosing direct flights in economy class
- For flights out of Zurich: travel by train from Lausanne to Zurich

Travel smart

To assess your whole route and find the most environmentally friendly option, use the routeRANK trip planning tool. https://www.routerank.com/en/

Did you know?

A trip from Paris to Lausanne by car for one person would represent an emission of 100kgCO2e whereas it is only 2.09 kgCO2e by train.

You may find this guide not exhaustive or wish to make some comments. If so, please do not hesitate to contact me.
