

Building innovative leadership teams in life sciences

prestige
scientific

About us

Prestige Scientific is an executive search firm that builds innovative leadership teams in Life Sciences, from Discovery through Commercial. We provide our clients with a performance-based hiring system that identifies leaders with past success meeting similar corporate objectives as their own, while overcoming challenges and adhering to critical timelines. Since our founding in 2001, our search results have led to the landing of critical rounds of funding, the discovery of unmet medical needs, successful regulatory pathway design, merger and acquisition due diligence, executing successful exit strategy, and building successful commercial teams around a marketed product.

- Member of the Sanford Rose Associates network of offices specializing in retained search for executives & management.
- Named Top 20 Executive Search firms by the Boston Business Journal.
- On average our searches are completed in 59 days, with the eventual hire presented by the 9th day.

We believe in

- Making an impact
- Helping others
- Teamwork
- Having Fun
- Giving Back

Locations

Massachusetts Office - Milford, MA

Centrally located near multiple main highway routes and shopping centers. Only a few minutes away from cozy New England suburban towns with great school systems, a lot of outdoor activities, and an affordable cost of living.

- 45 min south of Boston and North of Providence, RI
- Much lower traffic area and an easier commute
- Close to restaurants and shopping

North Carolina Office - Wilmington, NC

Located in a beautiful oceanfront town with nice shops, good food, and wonderful weather. Office is located minutes from the beach, parks, gardens, shops and more.

- Excellent location for active lifestyles
- 3 miles from Wrightsville Beach vacation area
- 1/2 mile from Mayfaire outdoor shopping area

Pennsylvania Office - Philadelphia, PA

Philadelphia is rapidly becoming one of the nation's top life science markets and leading biotech research hubs. Office is located outside the heart of Fishtown, walking distance from food, bars, and more.

- Excellent location for nightlife - options for everyone
- Diverse culture and neighborhoods
- Outdoor friendly and a very "green" city

Shawn Friend

Senior Partner

Recruiting in biotech and working at Prestige Scientific is much more than making a match, it provides a platform to literally change lives. Building relationships with our generation's leaders is critical to battling disease and potentially finding cures. Each team member understands that their contribution goes well beyond the x's and o's.

Mark Carlson

Partner

What I like best about my job: there is no other career that gives you the ability to have such powerful impact on two people simultaneously - hiring manager and the candidate. Prestige Scientific gives me the opportunity to rub shoulders with excellence. I have the ability to learn from my colleagues every day and work with a management team that supports me.

Katie Leath

Director

I could not be more thrilled that I transitioned into recruiting - and more specifically, Prestige Scientific. I've found a career that caters to the idea of how much you put in is exactly how much you get out. hard work is essential, but a work/life balance is present too. We are constantly learning from each other and encouraging new ideas to better ourselves both at our desks and as a team.
